New Turf Tire

Stay On Top. McCord's new 54-3100-26 turf tire is the ultimate way of working your turf even in wet conditions. Unlike the diamond tread designs, the unique turf tread and the large flat contact area produces minimized soil compaction with no damage to the grass. McCord's custom-built wheels allow easy conversion for your turf equipment.

Marking Machine

The Jaydee Model 5000 is a fully featured, self-propelled, professional line marking machine. The engine powers a piston pump, providing mechanical agitation, and powers both rear wheels - it tracks a straight line under its own power. The constant 2-mph speed results in uniform line width & brightness as well as predictable marking material consumption.

Irrigators

Kifco has recently extended their popular line of Water-Reel Irrigators. These self-traveling sprinklers are now available in five different sizes to ensure there is a Water-Reel to fit your needs. With adequate pressure it is possible to irrigate a football field with a single pass down the center. The machines are compact, easy to use, operate unattended and shut off automatically. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

The Bannerman Turf-Topper

This is the original big capacity, precision-built sportsfield top-dresser. This machine has been performing successfully all over North America for over seven years. And it's still the only one that can make these claims. When equipped with 19-inch Pussy-Foot tires with up to three-yard load capacity maintains floatation pressure of 10-15 psi. Trouble-free self-tracking conveyor floor. Special "no-chatter" P.T.O. shaft for shorter turns. Equipped with portable, tractor-mounted hand brake for safety and convenience. Enclosed contra-rotating spreader cylinder for precision and speed.

Turfgrids

"Tough Stuff for Sports Turf" Sun Devil Stadium is the home field for the Phoenix Cardinals and the Arizona State Sun Devils and considered one of the best natural playing surfaces in the NFL and Pac 10. It was reconstructed this past spring with TurfGrids. The TurfGrid system is patented, simple, logical and long overdue. It combines synthetic fibers into the natural grass field and increases the sheer strength of the playing surface by 100%. This means sure footing and safety with less divots and injuries...Just what good teams expect from their playing surface.

Debris Blower

New from Goossen Industries is a debris blower for clearing leaves or other light debris from large areas. A 27-inch diameter impeller rotating at 1,620 rpm creates a wind velocity powerful enough to clean your grounds in a short period of time. A convenient bidirectional spout lets you adjust the direction of discharge from your tractor seat. The Goossen Debris Blower can be powered by any tractor with a 540 PTO drive and attaches to a standard three-point hook-up. Make your grounds clean-up chores a breeze with the new Goossen Debris Blower.

Truplay Ball-Diamond Groomer

The Truplay is a star performer everywhere it goes. It is a combination of four grooming tools in one compact, easy-to-handle piece of equipment. Just hook it up to the three-point hitch of any small to medium-size tractor and you're ready to go. When complete renovation is needed the Truplay has a ripper blade to move material for filling hollows and leveling. The finishing tools are a spring-tooth rake, a leveling attachment, a roller and a brush which leaves your diamond looking like you have the greatest grounds crew around. And you have—one driver and the Truplay.
