Water Reels

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

Quality Water Aeration

Otterbine® aerators are constructed with quality and safety in mind. Helping to keep waterways naturally clear of foul odors, aquatic weeds and algae, Otterbine CONCEPT2 aerators are constructed of thermal plastics and stainless steel, transfer oxygen to the water with great efficiency, and provide a beautiful focal point for any waterway.

Flowmeter

Data Industrial 1400 series flowmeter is a battery-powered insert-style flowmeter that displays rate and total. Display is housed in a rugged aluminum enclosure built to Nema 6P submersion specifications, allowing the unit to operate fully submerged in a flooded meter pit for extended periods of time. The 1400 can be cal-

ibrated in the field for any size or type of pipe.

Speed Wrenches

Stamos Tool has introduced a new full line of cast aluminum speed wrenches designed to fit all nub-style PVC fittings and most adapters. These wrenches outperform chain, strap and pipe wrenches by far and are designed to fit different sizes of coupling caps, bodies, unions, female and male adapters. Only minimal ground clearance is required and they work on all manufacturers fittings. Many of our customers have been extremely satisfied with the STAMOS PVC NUB WRENCH. Here are some of their comments: "Performed admirably, exceeded my expectations by far." - John Gallagher, Orange, CT; "Best irrigation tool improvement and innovation developed in quite some time." - Jim Hengel, NY.

Font'N-Aire

From the City of Fountains. Models from 1/2-hp to 5-hp. Font'N-Aire combines the beauty of a romantic fountain with the benefits of an efficient aerator. Nothing moves water like a propeller. AIR-O-LATOR® has been involved in propeller design and the technology of aerating since 1967. Font'N-Aire utilizes the Franklin® Electric submersible motor, which is water-cooled and water-lubricated. We believe we can honestly claim the most energy efficient fountain on the market.

High Uniformity Retrofit Sprinkler Nozzles

FCI Custom Manufacturers Specialty Sprinkler Nozzles designed for moving water to dry spots. The nozzles use slots in the orifice plate to strip water from the stream and place it at predetermined locations in the sprinkler pattern. High water uniformity means water savings, and improved turf appearance.

Ball Diamond Groomer

The Bannerman TRUPLAY infield groomer is a combination of five tools in one. Just hook it up to any small- to medium-size tractor and see what one operator can do in a hurry. Even if you're putting down a soil conditioner, the TRUPLAY can work it in first and then groom your infield — FAST and PERFECT. The TRUPLAY really is a diamond's best friend.
