

## Water Reels

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

## Top Dressers

Turfco manufacturing is known best for its production of the Mete-R-Matic line of topdressers. The line includes the large area topdresser for fairways and athletic fields, the non-hydraulic tow-behind topdresser and the self-propelled walking topdresser. All three units utilize the revolutionary chevron design belt to handle both wet material and light applications. Other products that Turfco produces include sodcutters, an edger, aerators, a soil processor and a sod harvester.

## Marking Machine

The Jaydee Driver Liner is a self-propelled riding line marker. The 35-gallon paint tank carries enough marking material for a complete game field, or several practice fields. The 2-gallon flush tank cleans the discharge lines for work breaks, travel, or overnight. The center- or side-mark sprayshields are always operator-visible. A nearly zero turning radius reduces or eliminates back-and-turn maneuvers.
