## Turf Grids

### **Tough Stuff for Sports Turf**

The TurfGrid system is patented, simple, logical and long overdue. It combines specially designed synthetic fibers into the natural grass field and increases the shear strength of the playing surface by 100%. This means sure footing and safety with less divots and injuries...just what good teams expect from their playing surface. From football to baseball, to soccer, to polo, to golf, TurfGrids can replace or upgrade any surface.

## Marking Machine

The Jaydee Driver Liner is a self-propelled riding line marker. The 35-gallon paint tank carries enough marking material for a complete game field, or several practice fields. The 2-gallon flush tank cleans the discharge lines for work breaks, travel, or overnight. The center- or side-mark sprayshields are always operator-visible. A nearly zero turning radius reduces or eliminates back-and-turn maneuvers.
