## TURF PRIDE with RONSTAR®

### Better Than DNAs for Pre-emergence Weed Control.

Ronstar's unique chemistry provides longer-lasting weed control without impairing turf root development. Instead of root entry like DNAs, Ronstar is absorbed into weed shoots, killing germinating weed seedlings as they move upward through the soil surface. New root growth from existing plants is never affected.

- Quicker turf comeback from winter stress, pest damage or traffic-injured spots
- Safe to use with sprigs
- Better control on DNA-resistant goosegrasses
- Allows faster recovery following nematode damage

**Contact your Howard Fertilizer representative for a sample to test on your turf.**

## AerWay Turf Aerators

AerWay turf aerators give grounds managers more options for treating sports field compaction. A typical playing field can be

treated in less than 2 hours, ideal for working within a narrow "window of opportunity" on heavily used fields.

AerWay relieves soil compaction 7" and deeper. Patented AerWay Shattertines twist in the soil, cracking it sideways, and gently lifting it, to relieve even the most severe compaction. Play or practice can resume following a mowing pass.

Starting under \$3,000, AerWay units are extremely rugged, need very little maintenance, and minimize labor requirements.

## Water Reels

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

## AERA-vator®

**Recommended by Floyd Perry,  
1997 sportsTURF Manager of the Year**

"This is the only multi-faceted aerator on the market today for sports fields. It can fracture the hardest clay and the most compacted turf with ease and leave the surface in near game-ready condition. It's a winner for the progressive groundskeeper."

## CH Base-Anchor & Driver System

This patented product allows you to install CH Base Anchors easily into the ground without digging a hole or pouring concrete. **SAVE TIME/SAVE MONEY** – installation takes 5 minutes. CH Anchors will last 5-10 times longer than existing anchors placed in concrete. And the CH Driver provides for easy repositioning and removal of CH Anchors. **DURABLE** – CH Anchors are made out of heavy duty steel,

weight 5 lbs. each. Since the CH Anchors are driven into undisturbed soil they are better secured than your concrete anchors. **COMPATIBILITY** – CH Anchors are designed to fit 1-1/2 inch and 1 inch standard bases. For more information and orders:

**LOWER COST • LESS HASSLE • EASY TO USE**

## Super-Topper

Sounds like a big job – to top dress the entire playing surface in the coliseum. Customer supplies material and requests a uniform spreading depth of 5/8-inch. Two men on the job – one spreading with the Super-Topper and one working – in new material with the Ballpark-6 Groomer. This is only two of Bannerman's line-up of sports turf equipment. Why not take a look at THE WHOLE KIT AND CABOODLE by checking your Reader Service Card.

## Play Ball!

### *"The Best Infield Conditioner I've Ever Used."*

Turf managers love new Play Ball! Infield Conditioner because it's made from lightweight, highly porous diatomaceous earth that absorbs more water than clay conditioners, and keeps infields playable in wetter conditions. Play Ball! stays absorbent through repeated wet/dry cycles without breaking down into mud and dust. Grounds crews love the way it mixes in, and players appreciate the improved playing conditions. Don't get rained out – Play Ball!

## Affordable Topdresser

For about 1/3 the price of a typical large-area topdresser, the Millcreek Topdresser/Spreaders will spread 2 cu. yds. in 7 minutes and topdress a football field in 2 to 3 hours.

- Rugged construction, built to last.
- Adjustable spread pattern, 3 ft. to 10 ft. wide.
- Unsurpassed for compost, clippings and more.
- More versatility - simple, safe operation.

The Millcreek Topdresser/Spreaders will let you do more kinds of spreading jobs with less labor than ever before. Plus, you never pay too much for quality turf equipment from Millcreek.
