## Enkamat Flatback® Surface Protection That Makes Sense

Enkamat Flatback® is designed to protect natural turf athletic fields during rock concerts or other social events. The unique three-dimensional nylon matrix and flat surface allows turf to stay beautiful and green even after constant foot traffic. Easy to unroll. Reusable time and again, season after season. Available in widths up to 12.5'. For more information contact:

**Vigaroot**  
It is in the Bag with Vigaroot

Heat stress, insect and disease pressure all take their toll on your turf. Vigaroot is a new turfgrass management tool designed to help reduce stress and stimulate root growth through enhanced water and nutrient uptake. Vigaroot's dry formulation combines humic acid, seaweed and yucca extract, beneficial bacteria, and fully chelated iron, zinc and manganese. Vigaroot is packaged in a premeasured foil bag to provide easy use and ensure longer shelf life and stability.

**Jaydee Drive Liner**

The Jaydee Drive Liner is a self-propelled riding line marker. The 35-gallon paint tank carries enough marking material for a complete game field, or several practice fields. The 2-gallon flush tank cleans the discharge lines for work breaks, travel, or overnight. The center or side-mark spray shields are always operator-visible. A nearly zero turning radius reduces or eliminates back and turn maneuvers.

**Water Reels**

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

### Non-Clogging Pump

The Diamond Pump is a durable, non-clogging hand pump which easily removes 18-20 gallons of water per minute from dirt infields, sand traps, ditches. Made of tough ABS and PVC, a six-inch aluminum disc prevents mud from being drawn directly into the pump. Absolutely will not clog.

### Affordable Topdresser

Starting under \$5,000, the Millcreek Topdresser/Spreaders will spread 2 cu.yds. in 7 minutes and topdress a football field in 2 to 3 hours.

- Rugged construction, built to last.
- Adjustable spread pattern, 3 ft. to 10 ft. wide.
- Unsurpassed for compost, clippings and more.
- More versatility — simple, safe operation.

The Millcreek Topdresser/Spreaders spread topdressing, infield mix, compost mixes and more with just one operator. Plus, you never pay too much for quality turf equipment from Millcreek.

**Stabilizer Solutions, Inc.**

TurfGrids are polypropylene fibers used to stabilize sports turf and high vehicle traffic areas such as turf parking areas. TurfGrids reinforce the base soil and root structure of natural turf surfaces, increasing the load bearing and shear strength of the rootzone, for complete field coverage or selected high-use areas.
