## Bio-Turf™ Soil Supplement Aids in Healthy, Colorful Turf

(June 17, 1999) Irving, Texas — Bio-Turf Soil Supplement from Opti-Gro® keeps turf, shrubs and ornamentals green all year. Bio-Turf is an effective soil supplement when used in conjunction with a fertilization program, produces healthier soil conditions while enhancing the

growth of turf and shrubs. Bio-Turf can be applied with the use of a compressed air sprayer, hose-end sprayer, boom sprayer or through chemigation.

## Grasshopper AERA-vator™

Designed for 700 and 900 Series power units, Grasshopper's 40- and 60-inch AERA-vator™ attachments aerate turf and relieve surface compaction without irrigation, leaving no cores to clean up. Turf is available immediately after treatment. Oscillating, forged-steel tines penetrate and fracture hard, dry soils, encouraging root development and providing a resilient surface for playing fields.
