**Water Reels**

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

**Vigaroot**

Heat stress, insect and disease pressure all take their toll on your turf. Vigaroot is a new turfgrass management tool designed to help reduce stress and stimulate root growth through enhanced water and nutrient uptake. Vigaroot's dry formulation combines humic acid, seaweed and yucca extract, beneficial bacteria, and fully chelated iron, zinc and manganese. Vigaroot is packaged in a premeasured foil bag to provide easy use and ensure longer shelf life and stability.

**FAX BLAST**

The Horticulture Industry's new Fax Blast Program is a quick and cost-effective way to:

- Announce a new product or service.
- Sell an overstocked item.
- Remind your customers about a business or professional meeting.
- Induce your customers to attend a trade show.
- Promote a booth or social event.
- Inform customers about the favorable reviews your company has received.
- Send a publicity release.
- Survey your customers' needs.

Reach more than 35,000 magazine readers from Irrigation Journal, Outdoor Power Equipment, Arbor Age, sportsTURF and Landscape & Irrigation who buy and use the products and services that you offer. Target your marketing efforts by tailoring the list by the magazine readers' job title, type of business and by state. Find out how you can fax your one-page message to your best prospects by calling Amara Kpandeyenge at 847/427-2039 or fax 847/427-2037 for more information.

**Typar® Turf Blankets**

Typar® Turf Blankets retain warmth, which enhances germination and growth and helps protect turf from winterkill. The blankets also protect from wind and desiccation, retain moisture and allow sunlight, air and water through to the soil. Made of spun-bonded polypropylene, Typar Turf Blankets are tough, durable and tear resistant.
