

April 2002 / Volume 18 / Number 04

COVER STORY

08 STMA 2001 Softball Field of the Year

Features

14 In & On the Ground

After a few weeks of irrigation in the new season, it's a good idea in the course of your work to assess system performance before the peak-demand months arrive.

24 Maintaining the Grounds

It's amazing how many times at the last minute internal drainage systems are removed from original design specs to save money.

34 Around the Grounds

Having adequate rest facilities is a challenge many parks and recreation managers face.

42 The perfect match: core cultivation and fertilizer

Maintaining a healthy natural sports turf field without breaking the budget requires going back to the basics of turf management.
