

UV FEATURES FRONT DISC BRAKES

Available this month, the Toro Workman 2110 utility vehicle features hydraulic self-cleaning front disc and rear drum brakes. The enhanced braking system allows for increased braking ability and a towing capacity of 1,200 lbs. when using a heavy-duty tow hitch. In addition, the Workman 2110 has a powerful 16-hp Briggs & Stratton Vanguard air-cooled gas engine.

"The front disc brakes provide optimum braking performance under hilly or heavy load conditions for high productivity and long-term value," said Neil Borenstein, Toro's senior marketing manager for vehicles. "The hydraulic brake system offers exceptional trailer towing capacity, increasing the versatility of the machine."

The mid-duty Workman 2110 offers a wide range of attachments such as a canopy, solid and folding windshield, portable refreshment center, hard cab, ballfield groomer, brush guard and bumper and many more attachments to customize your Workman for your specific needs.

INFIELD RAKE AND MORE

The Cushman Groom Master for sports field use features a tight turning radius. The Groom Master is available with either a 16-hp Briggs & Stratton Vanguard V-Twin or Kubota 19-hp diesel engine. The nimble 2- or 3-wheel hydrostatic drive makes it both easy to drive and productive. The tilt-up engine cover provides easy access to all service points.

The Groom Master is more than just an infield rake. A variety of optional attachments such as a rear sand rake, mid-mounted cultivator that loosens compacted sand, a fan rake, drag mat, scarifier, leveling blade, and spiker are available.
