WaterWick's patented gravel-vein injection system creates a permanent answer to chronic wet turf problems. So the game goes on without delay.

- Improves drainage and aeration
- Fundamentally non-invasive. Treated turf is immediately ready for play
- Proven in golf course, sports turf and landscape applications

Low-compaction WaterWick unit is ideal for golf greens and other fine turf. Or choose our innovative Lpoint hitch system for your tractor — it injects WaterWick drainage, trenches, pulls pipe, lays wire and more.

Don't let wet turf bog you down. Contact WaterWick.
