Speed, Quality, Reliability...

25 Years

Reliability /ri ɪ'ə bil'ə tē/ n

1 quality or condition of being reliable; trustworthiness; dependability; 2 consistently produces the same results, preferably meeting or exceeding its specifications; 3 See a Dixie Chopper dealer

Dixie Chopper's definition of **reliability** is build a machine that doesn't break down when you use it. A lot can change in 25 years, but for us here at Dixie Chopper **Reliability** has not! We take great pride in knowing that the very first machine built is still cutting grass today.

WHY SETTLE FOR SECOND BEST!

AERA-VATOR

BY FIRST PRODUCTS INC

"Seeing is believing"
Call for a free video

The First Products AERA-VATOR® uses a "patented" vibrating action to loosen and break up hard and compacted soils in the root zone, without destroying existing turf on the surface. The AERA-VATOR® has a unique swing hitch that allows the operator to turn around objects without tearing the turf. The rear roller can be pinned to control tine depth up to 3 1/4 inches deep. The AERA-VATOR® comes in several models ranging from 40" to 80" wide. The unit also comes with optional seed box for over seeding or primary seeding.

CHAIN LINK FENCE GUARDS

Fence Guard™ protective covers for chain link fencing from Partac Peat Corp. are available in six colors—safety yellow, dark green, red, white, blue, and orange—as well as two grades—premium and standard. These UV-resistant, polyethylene covers protect players from injuries and provide a distinctive look to your fencing.

Fence Guard™ comes in cartons of ten 8-ft. sections with fifty 8-in. UV-resistant ties for securing every 2 feet to fence. With a 5-year manufacturer's limited warranty.

For safety and uniform appearance, you should remove crowns from the tops of fence posts so that the entire fence top is covered; ends can be butted or overlapped, and the product is easy to install.

Bottom Guard™, which serves the same safety and appearance purpose, also reduces erosion and eases weed cutting.
