What can you buy for a nickel?

It all adds up!

Better Turf!

A Better Reputation!

Like it or not, keeping your golf course green through overseeding is standard practice. It's also one of your biggest expenses, costing \$1,000 or more per acre each year. At Turf-Seed, Inc., we naturally breed our ryegrasses to give you superior performance traits - including salt tolerance - which makes them ideal for overseeding. Our varieties may cost a few more cents per pound, but they're worth it.

With your reputation riding on the ryegrass seed you use for your course, shouldn't you choose the best? Choose Turf-Seed.

Jaydee Drive Liner

The Jaydee Drive-Liner is a self-propelled riding line-marker featuring a 13.5 h.p. Briggs & Stratton engine, along with a 3.3 gallon remote fuel cell, a 35 gallon paint tank that carries enough marking material for a complete game field, or several practice fields. The 2 gallon flush tank cleans the discharge lines for work-breaks, travel or overnight. Center/side-marking sprayshields are always operator visible. A nearly zero degree turning radius reduces or eliminates back and turning maneuvers.
