LEVELER/GROOMER
The WINDS mini Grounds Plane simplifies infield maintenance. Scarify, level/grade, and broom finish all in one operation, or do any of those tasks individually as needed. The unit is available in three models, all equipped with mechanical positioner, leveling blades, finishing broom, ripper with positioner, custom-built tillage, pull type, available with electric or hydraulic lift.

DIAMOND MASTER
Bannerman's groomer machine has five grooming tools: ripper blade, rake, leveler, roller, and finishing brush. Options include extension wing brush kit, hydraulic tractor top link, 50-gal. water tank with spray nozzle, long fine "fluffing" rake, and a new highway transport kit.
Bannerman/800-665-2696

FIELD MAINTAINER
Kromer's Athletic Field Maintenance (AFM) equipment includes an extensive grooming package with versatile add-ons like a new and improved line painter. The Kromer AFM is any grounds crew's dream of a multi-purpose machine. Kromer also carries walk-behind push liners, a line of tractor groomers and our one of a kind Paint Mixing Station.

NEW TORO FAIRWAY GROOMER

The new Toro Reelmaster fairway grooms stands up turf and reduces grain for a cleaner, more uniform cut. The enhanced quality of cut improves after-cut appearance and provides a truer, more consistent playing surface. The fairway grooms also knock off morning dew to minimize grass clumping and helps with clipping dispersion. In addition, the groomer cuts some of the stolons and runners, enabling re-rooting and regenerative grass growth. And when set at the full depth of 3/16-in. below the height of cut, it can also help control thatch.

The Toro Company/952-888-8801

TIFSPORT

Why Does This Certified Georgia Bermudagrass Variety Make Such Good Sense for Sunbelt Playing Fields?

Upright Leaf Blade Orientation
Impressive Leaf Texture
Superior Turf Density
Superior Sod Strength
Proven Drought Resistance
Lower Nutrition Requirements

Good Lateral Growth Rate
Dark Green Color
Improved Cold Tolerance
Better Pest Resistance
Excellent Traffic Tolerance
Extensive Root System

PULL-BEHIND GRADER/LEVELER

VersaGrader’s Balance Equalizer System maintains desired leveling angle at all times. The front blade of the Double-V Leveling System cuts through high spots as adjustable rear blades level and redistribute material leaving a finish grade. The Parks and Recreation Model is especially suited for athletic fields.

February 2005
SEEDER ATTACHMENT
Bobcat Company introduces a slit seeder attachment that can handle various types of grass seed and cover several acres per hour. The seeder has a double roller seedbed conditioning system made up of a series of notched press wheels. The front roller crushes lumps and represses small stones to form a firm seedbed. Seed is precisely metered with the proper spacing and at the right depth, where it will germinate quickly. The rear roller splits the shallow ridges formed by the front roller and gently firms the soil around the seeds.
Bobcat Company/701-261-8700

NEW GATOR FOR TURF
John Deere’s new Gator TX Turf, with its quiet foot-pedal operation, turf-friendly tires and increased comfort, specifically meets the needs of turf care professionals. The units feature a 13-hp Kawasaki FJ400 engine, all-wheel suspension and all-wheel hydraulic disc brakes. The pedal-start design allows for the convenient start and stop operation.
The all-wheel suspension and a three-inch-longer wheelbase enhance ride quality as well as operator comfort. And, for increased productivity, the Gator TX Turf boasts a 44-in.-long cargo box with a 600-lb. capacity and an overall 1,000-lb. pay-load/towing capacity.

SIDEWINDER BROOM

Turf Teq, LLC has a new self-propelled broom to complement its SideWinder line. Brush pressure, brush speed and pivot angle (left/right) can be adjusted easily from the operator position. Units are being used to clean infill systems. The multi use capability of the SideWinder also allows the base unit to be converted into a walk behind edger/mini trencher.

“SUPER SPIKER”

The Terra Super Spiker is a five-gang turf spiker that can be used all season long for aeration, over-seeding, and fertilization. It is ideal for infields to puncture surfaces and help dry fields in wet conditions. Working depth is variable from zero to 2.5 in. by dial-in adjustment. 13 points per blade, 70 blades over a 66-in. working width and weight can be added for better penetration on hard surfaces. Ball hitch trailer design comes with hydraulic cylinder and hoses for easy hook-up and transport mode.

NEW TOPDRESSERS
Millcreek has two new topdressers, called Turf Tiger Cubs, with 1.8 and 2.3 cu. yd. capacities, designed for smaller budget operations. Both units feature the Saber Tooth beater that increases application speed without compromising spreading precision. This beater allows you to apply material even if it is wet and clumpy, up to 6 ft. wide. Units can apply light or heavy coverage, up to 1 in. in a single pass, for materials such as compost or other bulk turf materials.

NEW AERATOR
Schiller-Pfleiffer, Inc., presents a new concept in aerating with the Classen SA-25 Stand-Aer. This ride-on unit has a 24-in. operational turning radius (zero turning radius when tines are not in use), and has an operational and transport speed of up to 4.7 mph. The core depth is controlled hydrostatically up to 3 in. and the 36 tines offer a hole-pattern of 4.06 x 7 in. and an aerating width of 24.375 in.

Classen products are now available through over 3,000 Little Wonder commercial sales and rental equipment dealerships.

All play and no work.
Introducing the WaterTrain® Series

• Self-winding reel—no more dragging around hoses!
• Easily moves from site to site.
• Automatic shut-off when watering is complete.
• Speed control on machine allows water application rates to be adjusted.
• It even waters on a radius!
• Minutes to set-up. Less time! Less labor! Less cost!
• Optional 8407 5.5 hp Honda booster pump for locations with moderate pressure.

1-PASS GROOMING
For infield grooming, SISIS recommends the QUADRAPLAY system, fitted with Rake/Lute/Roller/Brush, and for renovation work Spiker-Slitter/Grooming Rake/Roller/Brush.
The Quadraplay has a frame incorporating a carrying platform to carry hand tools and materials. Implements can be arranged in any sequence and are independently adjustable. The same range of implements can also be used on turf areas, making the QUADRAPLAY a very flexible implement.
SISIS Inc/864-843-5972

OUT-FRONT DECK FROM EXMARK
Based on a new mowing platform developed for use with Exmark’s new rear-discharge, 4 3/4-in. deep cutting decks, which offer trimming capabilities on both sides of the deck, the Navigator out-front deck is available in 42- or 48-in. cutting widths. Both models feature a blower fan that works in conjunction with Exmark’s baffle design for better vacuuming performance and cutting efficiency.

SELF-LOADING MOBILE SCREENER
Clear the soil of stones, roots, and other debris. Create perfectly screened topsoil for seedbeds, ball fields or infield mixes with the Harley 4-ft. 740 Mobile Screener. The 740 is a tractor powered unit that is compact and maneuverable. Use the 740 with the Harley Power Box Rake to assist in picking-up windrows or as a complete one step seedbed preparation tool.

BOX RAKE ATTACHMENT

The power box rake attachment for Toro's Dingo compact utility loaders transforms rough terrain into a prepared seedbed. Box rake is great for sod preparation and rock removal as well. Units feature pure carbide teeth and triple-sealed, shielded roller bearings for harsh soil conditions and longer life. Adjustable Rhino-Hide barrier allows you to choose size of material left in seedbeds.

HEAVY-DUTY DETHATCHER

A purpose designed, heavy-duty dethatcher, the SISIS VEEMO uses tungsten-tipped cutting blades for maximum thatch removal with minimum surface disturbance. Three independently floating heads follow ground contours closely without scalping. Depth of cut is infinitely variable by means of a locking micro-adjuster on each unit. Available as an option is the ECO-VEEMO with En-Bio “no-burn” synthetic, biodegradable hydraulic oil.
