Better Turf!

A Better Reputation!

Like it or not, keeping your golf course green through overseeding is standard practice. It's also one of your biggest expenses, costing \$1,000 or more per acre each year. At Turf-Seed, Inc., we naturally breed our ryegrasses to give you superior performance traits - including salt tolerance - which makes them ideal for overseeding. Our varieties may cost a few more cents per pound, but they're worth it.

With your reputation riding on the ryegrass seed you use for your course, shouldn't you choose the best? Choose Turf-Seed.
