

TriWave 60 OVERSEEDER

NEW

The next wave in overseeding is here!

The patent-pending TriWave™ 60 overseeder is perfect for rejuvenating heavily-used sports fields – allowing ongoing overseeding with minimal disruption to play. Here's how:

- Three independent floating heads seed both low and high spots.
- WaveBlade™ technology optimizes slit width for improved seed-to-soil contact with minimal turf disruption.
- Special seed delivery system puts seed directly into slit, increasing germination with reduced waste.
- Infinite depth adjustment allows tools-free in-field adjustments.
- 1-1/2" blade spacing increases germination with fewer passes.

Experience the TriWave difference.
