

STMA announces Field of the Year Award winners

STMA announces 14 Field of the Year Award winners for 2005. The awards will be presented at the annual STMA Conference and Exhibition awards banquet on Friday, January 20. The STMA Conference and Exhibition is January 18-22 in Orlando, FL.

The winners are:

BASEBALL

(Schools/Parks): Hillcrest Booster Field, Greenville, SC; David Brooks, Sports Turf Manager

(Collegiate): Charlie Smith Field at Tony Gwynn Stadium, San Diego, CA; Ron Hostick, CSFM, Sports Turf Manager

(Professional): Roger Dean Stadium, Jupiter, FL; Marshall Jennings, Sports Turf Manager

FOOTBALL

(Schools/Parks): Viking Field at Bryan High School, Bryan, TX; David Hanus, Athletic Fields and Grounds Supervisor

(Collegiate): Michigan State University, Spartan Stadium, East Lansing, MI; Amy Fouty, CSFM, Athletic Turf Manager

(Professional): INVESCO Field at Mile High, Denver, CO; Ross Kurcab, CSFM, Turf Manager

SOCCER

(Schools/Parks): Sportscore II Soccer Complex, Rockford, IL; Steve Roser, Sports Field Superintendent

(Collegiate): Olivet Nazarene University, Soccer Field, Bourbonnais, IL; Larry Berry, Assistant Director of Physical Plant

(Professional): INVESCO Field at Mile High, Denver, CO; Ross Kurcab, CSFM, Turf Manager

SOFTBALL

(Schools/Parks): Lady Viking Field at Bryan High School, Bryan, TX; David Hanus, Athletic Fields and Grounds Supervisor

(Collegiate): ASA Don E. Porter Hall of Fame Stadium, Oklahoma City, OK; Rick Neville, Sports Turf Superintendent

COMPLEX

(Schools/Parks): North Scott Community School District, Eldridge, IA; John Netwal, CGCS, Director of Operations

(Collegiate): Lebanon Valley College, Annville, PA; Kevin Yeiser, Director of Grounds and Athletic Facilities

(Professional): Surprise Recreation Campus, Surprise, AZ; Joe Kennedy III, Baseball Maintenance Manager

The Field of the Year awards program began in 1992. There are five field types for which awards may be given: baseball, football, soccer, softball, and complex. For each field type, awards may be given in three categories: professional, collegiate, and schools/parks. To be considered for the Complex of the Year Award, the facility must have a minimum of four fields and host a minimum of three different sports.

power to move mountains

Thinking love can move mountains may be good for some, but when you need to get the job done, you'll need more than love. You'll need TYCROP's MH-400 Material Handling Unit, ideal for daily maintenance, landscaping and construction. Designed with the assistance of Superintendents from around the world, the MH-400 will save you time, eliminate costly labor and reduce your operating costs.

Nothing's built like a TYCROP.

TURF-DIRT PROTECTION

Bunt Zone™
INFIELD TURF PROTECTOR

Durable, breathable mesh with built-in color coded targets for bunting and hitting practice.
Coaches gladly use this protector at every session.

Wind Weighted®
BASEBALL TARPS

Steel chain in edge hem keeps these rain covers down in winds up to 65 mph.
No stakes or sand-bags ever needed. EASY TO INSTALL.

Both Bunt Zone and Wind Weighted products have multiple patents pending.

For FOOTBALL we make:

Bench Zone™ Sideline Turf Protectors (They allow sun and rain thru, but not cleats) and **Cross-Over Zone™ Track Protectors** (They cushion and protect modern track surfaces from cleat and traffic damage.)

STMA member wins IPM award

Kevin Trotta, head groundskeeper for the North Rockland Central School District in Rockland County, NY, recently received the New York State Excellence in IPM Award, according to Dr. Michael Hoffmann, director of the New York State IPM Program. He is the first athletic field manager and STMA member to receive this award. Each year the Program awards individuals or organizations whose work supports integrated pest management in New York State.

Trotta's efforts in IPM education and the promotion of more environmentally friendly athletic field management and lawn care have gained wide recognition. He was a speaker at the STMA conference in Phoenix this past year and regularly teaches these methods in classes at the New York Botanical Garden, the Institute of Ecosystem Studies, for Cooperative Extension and at seminars around the country. Congratulations, Kevin!

A panel of five judges independently scored each entry based on the playability and appearance of the playing surfaces, innovative solutions employed, effective use of budget, and the development and implementation of a comprehensive, sound agronomic program.

The program is sponsored by Bayer Environmental Sciences; Carolina Green Corp.; Covermaster, Inc; Hunter Industries; Jacobsen, A Textron Company; Nu-Gro Technologies, Inc.; Turface; Turf-Seed, Inc.; West Coast Turf; and World Class Athletic Surfaces. These sponsors fund a registration to the annual STMA Conference and Exhibition for each award winner, hotel costs up to \$500, and signature clothing for the award winners and their staff. The winning fields will also be featured separately in an article in this magazine during 2006. ■
