

Support the SAFE Foundation

For those of you who play golf each year at the Jacobsen/SAFE Golf Tournament, you may know that your golf fees go directly to the SAFE Foundation, a 501(c)3 charity. Through SAFE, its Board of Trustees oversees the funding of scholarships, education, and research. The Foundation's mission is to support sports specific research, educational programs, and environmental concerns to promote user safety. The Foundation has been awarding scholarships to deserving men and women who are pursuing a career as a sports turf manager and to those who are graduate students in research. In addition to the generous donations from Jacobsen for the tournament, the Toro Foundation Giving Program also helps to support the SAFE scholarship program.

For those who are unable to play golf, there is an easy way to contribute to the SAFE Foundation. Simply note your donation on your Membership Renewal Form in the space provided and include the amount in your total. In addition to individual donations, several STMA chapters donate to SAFE annually.

SAFE scholarship winners

SAFE has also provided funding to the STMA Student Challenge, with platinum sponsor Hunter Industries. At the conference, SAFE awarded \$4,000 to each of the two winning teams of the Student Challenge to use to develop hands-on learning laboratories at their colleges or universities.

SAFE awarded \$12,500 in scholarships to 10 outstanding men and women. The

awardees are: Anne Beckingham, SUNY-Delhi; Amy French, Michigan State; Will Jellicorse, University of Tennessee; Jared Knoodle, Michigan State; Tyler Mittlesteadt, University of Tennessee; Chris Romo, Mt. San Antonio College; Brian Sayers, Michigan State; Ed Schmachtenberger, Mt. San Antonio College; Thomas Serensits, Penn State; and Adam Thoms, University of Tennessee.

SAFE's future goal is to fund research on significant issues affecting sports field management.

Together with STMA and the NIAAA (National Interscholastic Athletic Administrators Association), SAFE has funded a video on mound-building and home plate maintenance. The video is available for purchase through the STMA website and was offered for sale in the merchandise area at the annual conference. ■
