**Supreme-Green™ Turf Growth Cover**

Supreme-Green is a multi-purpose turf growth cover made of a specially designed material to provide early green-up, accelerated germination and winter protection. The Supreme-Green cover encourages root development and rapid growth while extending your spring and fall seasons.

- Reduces seed loss
- Promotes earlier root establishment
- Accelerates germination
- Reduces frost and ice damage
- Porous to allow water and air circulation
- Mildew and rot resistant
- Quick turf repair

**Specifications:**
- Made of tough woven non-coated polyethylene material
- UV treated for long life
- Green tint for better heat build-up
- One piece construction
- Covers completely with anchor, pegs and storage bag

Fence Guard™ protective covers for chain link fencing from Partac Peat Corp. are available in six colors—safety yellow, dark green, red, white, blue, and orange—as well as two grades—premium and standard. These UV-resistant, polyethylene covers protect players from injuries and provide a distinctive look to your fencing.

Fence Guard™ comes in cartons of ten 8-ft. sections with fifty 8-in. UV-resistant ties for securing every 2 feet to fence. With a 5-year manufacturer's limited warranty.

For safety and uniform appearance, you should remove crowns from the tops of fence posts so that the entire fence top is covered; ends can be butted or overlapped, and the product is easy to install. Other styles also available, as well as windscreen, wall padding and portable safety fencing.
