

Announcing the 19th Annual STMA Conference and Exhibition in Phoenix!

We have another exciting conference this year offering more than 60 educational sessions and workshops designed to supply you with the most up to date information on Sports Turf Management. New this year is our free pre-conference workshops with four sessions to choose from including Why isn't my turf green?, Turfgrass ID of cool and warm season grasses, Wear tolerance and associate mechanisms, and Fertility management of the sand based system. Don't forget about the 8th annual SAFE Golf Tournament as well as our Off Site Seminars consisting of tours of more than seven sports facilities and sessions conducted by MLB, NFL and MLS Sports Turf Managers! Our conference package

includes over 19 hours of networking, 9 hours of new product viewing as well as receptions, breakfasts, lunches, and much more.

This is the perfect place to obtain valuable information to take back to your employers and co-workers! Everyone in the sports turf profession can benefit from what we have to offer, from the Sports Turf Manager to facility crew members and athletic directors. It is the perfect occasion to build your network within the Sports Turf industry. Students are also encouraged to attend and we have added a new student forum to provide students with the tools they need to enhance their careers!

We look forward to seeing you in Phoenix!

[speakers and education]

WEDNESDAY, JANUARY 16

8:00am-12:00pm (2 concurrent Institute sessions)

Institute I-Introductory

Soil Basics- Understanding soil physical and chemical properties

Jim Crum- Michigan State University

Jason Henderson, Ph.D.- University of Connecticut

Attendees will walk away with a greater understanding of how the physical and chemical properties of soils and root zone mixes affect turfgrass growth. Attendees will help interpret laboratory test results for the purpose of constructing and/or maintaining athletic fields. These skills will empower athletic field managers to make the appropriate root zone management decisions. Learn your soils before you learn your grasses.

Institute II-Advanced

Soil Water Management and Irrigation Scheduling

Michael DePew, Ph.D.- ETS

This presentation will discuss how water moves into, through, and is retained in the soil profile. The effects of compaction on drainage, water retention, and aeration porosity will also be discussed.

Dealing with Saline Irrigation Water

Dave Kopec, Ph.D.- University of Arizona

About 45% of all turf users will be forced to use non-potable water sources in the not too distant future. Salinity content and how to deal with it will be addressed. Students will get hands-on worksheets for irrigation based on salinity content of irrigation water.

2:00pm-4:00pm (4 concurrent Pre-Conference Workshops)

Why Isn't My Turf Green?

Brad Jakubowski- University of Nebraska

Turfgrass managers strive for a green, healthy turf, however, what do they do

when the turf doesn't cooperate? This 2-hour workshop focuses on developing a broader perspective towards troubleshooting turfgrass problems.

Turfgrass ID of Cool and Warm Season Grasses

Aaron Patton, Ph.D.- University of Arkansas

This program will provide managers from across the country with hands-on experience identifying cool and warm-season turfgrass plants. This will be an interactive session where managers will learn to identify turfgrass plants in a hands-on setting.

Wear Tolerance and Associate Mechanisms

J. Scott Ebdon- University of Massachusetts, Amherst

The influence of cultural intensity will be discussed in relationship to wear tolerance mechanisms. By understanding these plant mechanisms, the sports turf practitioner will have a greater appreciation for "best management practices" for optimum wear tolerance and in turn provide greater resistance to soil compaction and pest encroachment.

Fertility Management of the Sand Based System

Nick Christians, Ph.D.- Iowa State University

The seminar will provide basic information on soil science as they relate to the management of sand-based systems.

THURSDAY JANUARY 17

8:00am-10:00am — General Session 1

Introductory Remarks by STMA President Mike Andresen, CSFM

Conference Highlights by David Minner, Ph.D.

Keynote Address by Craig Karges

The "extraordinist" is an award winning entertainer, nationally recognized speaker and an author. His presentation is an amazing blend of entertainment, message, and motivation. Karges delivers a powerful message concerning the potential of the human mind. He combines the art of magic with the science of psychology and the power of intuition to create the impression that nothing is impossible.

STMA CONFERENCE PREVIEW

10:30am-11:45am (8 concurrent Breakout sessions)

How to Prepare an Annual Operating Budget

Don Savard- CSFM, CGM, Salesianum School

This presentation takes the Sports Field Manager through the budgeting process and helps take the guesswork out of budget time. Sports Field Managers who know their costs are more valuable because they can develop and manage better programs and achieve the best results. This presentation integrates site and operations inventories into the budget process helping to uncover the true costs.

Using Plant Growth Regulators on Fields

Pam Sherratt- Ohio State University

There are several plant growth regulators on the market. How do they work? What advantages might they offer athletic field managers? This session will give an overview of the different growth regulators and look at what research on these products has discovered over the last 10 years. For example, can they help control Pao, increase wear tolerance, and improve quality?

ASTM Standards: How Can They Help You?

James Brosnan- University of Hawaii, Manoa

This presentation will address some of the ASTM standards relevant to the construction, maintenance, and safety of both natural and synthetic turf athletic fields. Emphasis will be placed on the newly revised ASTM F-2107, "Standard Guide for the Construction and Maintenance of Skinned Areas on Baseball and Softball Fields."

Exactly How Do You Maintain a Synthetic Field?

Webb Cook- A-Turf, Inc.

Darian Daily- Paul Brown Stadium

A panel will discuss the different ways to maintain a synthetic field. It will cover different situations that people have had to deal with on these fields and the solutions they came up with. The discussion will be very interactive and have a continuous Q/A.

Pesticide Issues – The Good, Bad and the Ugly Panel Discussion

Kevin Trotta- North Rockland Central School District

Mary Owen- UMass Amherst Turf Program

Rich Watson- Belvedere Property Mgt.

Our industry has seen an increase in scrutiny and debate regarding the use of chemical pesticides. This panel discussion will attempt to identify and shed light on the issues and concerns. Attendee participation in discussion is encouraged.

Steps in Disease Diagnosis

Douglas Linde, Ph.D.- Delaware Valley College

Three logical steps a turf manager can take to diagnose a turf disease will be presented using PowerPoint. The three steps include: gather evidence, compare evidence with resources, and consult an expert.

Poa annua Control Strategies that Work

Scott McElroy, Ph.D.- Auburn University

Poa annua is one of the most difficult weeds to control in all turfgrass environments. Even with the new introduction of numerous new herbicides, *Poa annua* control is still not easily achieved. This presentation will evaluate the potential problem of herbicide resistance, herbicide cost, and reducing the number of herbicide applications on both warm and cool season turf.

Management Strategies for High Traffic Natural Turf

Steve Wightman- Qualcomm Stadium

Real-life look at management strategies that can minimize the detrimental

effects of high traffic situations. Focus will be on turfgrass management in less than ideal conditions and steps to take in providing the best playing surface/conditions possible.

1:30pm-2:45pm (8 Concurrent Breakout Sessions)

Five Keys to Success

Eric Fasbender- CSFM, University of Oregon Athletics

Today, being a successful sports turf manager means not only executing on the field, but also in other aspects of the business world. Whether you want to be more successful at your job or you want to advance to the next level, this presentation will focus on the five keys to success in the sports turf industry.

The Field Wear Index

David Schlottbauer- BYU

The Field Wear Index will give the Sports Turf Manager the facts and figures to ask for increases in his budget by showing his managers the amount of actual wear that is taking place on his fields.

Ball Field Construction: Getting it Right the First Time

Robert Sanderson- Nazareth College

This presentation describes the organization and development of a design/plan team, design and construction of an inter-collegiate softball field at Nazareth College. Nazareth College is a division III school located in Rochester NY. The presentation covers the design challenges of supporting a March, April, early-May softball season in western NY.

Synthetic Turf Field Base Construction Panel (1:30-4:00)

John Schedler- FieldTurf

Doug Morgan- Track Master

Patrick Maguire- Stantec

Darian Daily- Paul Brown Stadium

Learn the details of proper base construction for rubber-in-fill fields from an architect, field contractor, and synthetic turf supplier. Find out how the New England Patriots converted from grass to rubber-in-fill during the playing season.

What's Up with Biostimulants, Humates, Composts and Other Supplements?

Mary Owen- UMass Amherst Turf Program

The public push for organic turf and land management in many areas of the U.S. and Canada has led to demands for organic management of publicly owned properties, particularly sports fields. This presentation will discuss several categories of materials being used or promoted for use in sports turf management systems, particularly organic sports turf management.

Bermudagrass Fields: Weed Control on a Budget

Jeffrey Beasley- Louisiana State University

Herbicide options for bermudagrass sports fields can be extremely confusing for many turfgrass managers. Therefore this workshop is designed for sports field managers who are on a budget. Economical herbicide options will be discussed. Several examples and case studies will be presented as well as an easy method for calibration demonstrated.

From Sprigging to Playing in 30 days

Brad Fresenberg- University of Missouri

Athletic field construction has always put constraints on turfgrass establishment - wrong time of year, less than perfect methods of establishment. This presentation will provide an accelerated method of bermudagrass establishment, from sprigs to playability in 30 days.

STMA CONFERENCE PREVIEW

Developing Playing Quality Standards for Natural Turf Athletic Playing Surfaces

William Dest, Ph.D. - University of CT

U.S. studies have been carried out relating turfgrass impact absorption characteristics and traction to vegetative cover, soil physical properties and maintenance procedures. However no studies have been conducted in the U.S. to relate these objective tests for surface properties to player perception of what constitutes a quality surface.

3:00pm-4:00pm (7 concurrent Breakout sessions)

The 7 Habits of Defective Sports Turf Managers

Jeff Fowler - Penn State University

Learn the 7 things that sports turf managers do to make themselves less effective, becoming aware of these will help you become more successful.

Managing Fields with Effluent Water

Joe Wagner - City of Iowa City

This session will discuss the pros and cons of effluent water in turf management.

Getting Ready for the Season After Multiple Off-Season Events

Joe Traficano - West Coast Turf

Grant Trenbeath - Arizona Diamondbacks

Chase Field is a natural grass facility, home to the Arizona Diamondbacks. They entertain numerous off-season events which cause several obstacles that must be addressed prior to the baseball season. Removing of existing turf, tilling the subgrade, laser grading, irrigation work, fertilizer application, re-sodding, then getting ready for the season.

Microbial Diversity is the Key to Healthy Soil

Gerard O'Donovan - University of North Texas

[schedule at a glance]

Tuesday, January 15

- 6:00am - 9:00am Registration Open - Hyatt
- 6:15am Buses Depart for Golf Tournament
- 7:00am - 8:30am Continental Breakfast
- 8:00am - 4:00pm Optional: SAFE Golf Tournament - Sponsored by Jacobsen, a Textron Company (additional fee of \$125 before 12/14/07 or \$150 after 12/14/07 and pre-registration required)
- 8:00am - 4:00pm Optional: Seminar on Wheels I - Tour of Sports Facilities (additional fee of \$60 before 12/14/07 or \$70 after 12/14/07 and pre-registration required) Buses depart at 8:00am.
- 3:00pm - 7:00pm Registration Open - Hyatt
- 4:00pm - 8:00pm STMA Certification Exam (prequalification and pre-registration required)
- 6:00pm - 9:00pm Chapter Officers Training (COTS) & Idea Exchange (Chapter Officers Only) dinner provided

Wednesday, January 16

- 7:00am - 7:00pm Registration Open - Hyatt
- 7:00am - 8:30am Continental Breakfast
- 8:00am - 12:00pm Optional: Institute 1 - Introductory (additional fee pre-registration required)
- 8:00am - 12:00pm Optional: Institute 2 - Advanced (additional fee and pre-registration required)
- 8:00am - 4:00pm Optional: Seminar on Wheels II - Tour of Sports Facilities (additional fee of \$60 before 12/14/07 or \$70 after 12/14/07 and pre-registration required) Buses depart at 8:00am.
- 2:00pm - 4:00pm Pre-Conference Workshops I, II, III, IV (included in full conference registration)
- 4:30pm - 6:30pm Sports Turf Networking Kick-Off
- 7:00pm - 7:30pm First Time Attendees Reception
- 7:30pm - 10:00pm Welcome Reception - Sponsored by The Toro Company & Covermaster

Thursday, January 17

- 6:45am - 7:45am CSFM Breakfast
- 6:45am - 7:00pm Registration & Merchandise Open - Convention Center
- 7:00am - 8:30am Continental Breakfast

- 8:00am - 10:00am General Session 1 - Keynote address by Craig Karges
- 10:30am - 11:45am Breakout Sessions - 8 Concurrent Sessions
- 12:00pm - 1:15pm STMA Annual Meeting and Lunch
- 1:30pm - 2:45pm Educational Sessions - 8 Concurrent Sessions
- 2:45pm - 3:00pm Break
- 3:00pm - 4:00pm Educational Sessions - 8 Concurrent Sessions
- 4:00pm - 8:00pm 1st SAFE Silent Auction Open
- 4:00pm - 8:30pm Opening of the Trade Show

Friday, January 18

- 6:30am - 8:30am Continental Breakfast
- 6:30am - 2:45pm Registration & Merchandise Open - Convention Center
- 6:45am - 7:45am Past Presidents' Breakfast
- 7:00am - 7:50am Innovative Sessions - Three 50-minute presentations
- 8:00am - 10:00am General Session 2 - Plenary I & II
- 8:00am - 10:30am 4th Annual Student Collegiate Challenge - Sponsored by Hunter Industries
- 8:30am - 9:30am Commercial Member Meeting
- 9:45am - 10:00am Break
- 10:00am - 2:00pm 2nd SAFE Silent Auction Open (new items)
- 10:00am - 2:45pm Trade Show Open with Lunch
- 1:00pm - 2:45pm Student Forum
- 1:30pm - 2:45pm Poster Session on Trade Show Floor
- 3:00pm - 4:00pm Educational Sessions - 7 Concurrent sessions
- 4:15pm - 5:15pm Educational Sessions - 7 Concurrent sessions
- 6:30pm - 7:30pm Pre-Awards Banquet Reception - Sponsored by Kubota & Live Auction
- 7:30pm - 10:00pm Awards Banquet

Saturday, January 19

- 7:00am - 8:30am Continental Breakfast
- 7:00am - 9:00am Registration Open - Hyatt
- 8:00am - 10:00am Educational Roundtables
- 8:00am - 12:00pm STMA Certification Exam (prequalification and pre-registration required)
- 8:00am - 4:00pm Optional: Offsite Seminar/Workshop conducted by MLB/ NFL/MLS (additional fee of \$60 before 12/14/07 or \$70 after 12/14/07 with a full conference registration, \$85 before 12/14/07 or \$95 after 12/14/07 without a full conference registration and pre-registration required)

STMA CONFERENCE PREVIEW

The value of this presentation to the turf manager is in presenting non traditional practices that when used give the sports turf manager healthier soil and turf, turf that will bounce back faster after play and a cost effective way in treating turf that will save them money.

Weed Control Everywhere Else

Scott McElroy, Ph.D.- Auburn University

Many sports turf managers have to deal with more than just the sports fields themselves. This presentation will present information about weed management of turfgrass and ornamental areas outside the playing area. It will focus on developing management practices that reduce the amount of time that these areas have to be dealt with, while maximizing the aesthetic value they bring to the complex.

Selecting Traffic Tolerant Grasses Using NTEP

Kevin Morris- National Turfgrass Evaluation Program

The National Turfgrass Evaluation Program (NTEP) evaluated hundreds of cultivars and experimental selections nationwide. Information is collected on many traits, including traffic tolerance. This presentation will provide background information on NTEP, how it works, and how to use NTEP data to select traffic tolerant cultivars.

Monmouth Park Race Track: Reconstruction

James Murphy, Ph.D.- Rutgers University

In preparation for the 2007 Breeder's Cup World Championships at Monmouth Park Racetrack, a Rutgers Team was chosen to plan, design, and monitor the reconstruction of the turf course. This presentation will describe problems with the old turf course, the rationale for choosing the root zone and drainage elements of the new turf course, and how construction techniques and site monitoring allowed the design to be successful.

FRIDAY JANUARY 18

7:00am-7:50am (3 Innovative sessions)

Logo Layout and Painting Without Stencils

Mike Hebrard- Athletic Field Design

This presentation will show quick, accurate and simple techniques how to layout logos and text. Shown will be how to use mathematical formulas, grids and props to increase confidence to attempt painting logos and designs on synthetic fields as well as grass.

How to do Minor Repairs on Your Synthetic Field

David Schlotthauer- BYU

A how-to guide of doing minor repairs on synthetic surface after your warranty has expired. This can save you hundreds of dollars.

My Solution to Managing Fields Without Pesticides

Joe Wagner- City of Iowa City

Discuss the practices used in management of Turf without use of pesticides, working in a liberal community.

8:00am-10:00am (2 Plenary sessions)

The NCAA Injury Surveillance System:

A 25 Year Foundation for Policy Development and Decision Making

Randall Dick- NCAA, ISS

In Tribute to Dr. Henry Indyk

Field Performance Testing Standards- A New Zealand Sports Institute Program

Dr. Keith McAuliffe- New Zealand Sports Turf Institute

In Tribute to Dr. Kent Kurtz- An overview of sports surfaces performance testing systems and application in New Zealand and Australia.

3:00pm-4:00pm (7 concurrent Educational sessions)

Preparing for, Surviving, and Recovering from a Rain Game

Pam Sherratt- Ohio State University

If a game is played in the rain it can severely damage an athletic field. This session will look at a recent study done to evaluate topdressing products that may help maintain the integrity of a field during inclement weather.

Tennis on This Side of the Pond

Michael Buras- CSFM, Longwood Cricket Club

Tim Burns- Longwood Cricket Club

Discussed will be the challenges of managing 25 *Poa annua* courts. Current maintenance procedures and design considerations will also be addressed.

Student Forum

Raechal Volkening- CSFM, Milwaukee Brewers, Patrick Allen- STMA

Participate in this workshop designed specifically for students! Join us and find out how to make the most of your internship experience, enhance your professional skills, what STMA can do for you, and more.

Contractors Perspective on Natural Turf Construction

Chad Price- CSFM, Carolina Green, Matt Heiss- Turf Services

Southern and northern contractors, provide an overview of 4 types of field construction. Compare the differences in material, construction costs, methods of construction, the expected wear tolerance, maintenance requirements, and best intended use for each field.

Hosting Non-Sporting Events

Waldo Terrell- University of Georgia Athletic Assoc.

In an attempt to generate revenue, administrators will often turn to hosting non-sporting events at a large outdoor facility. Monster trucks, concerts, even corporate outings each present unique challenges. We will share our experiences to prepare others for such events.

Warm Season Grass Management (3:00-5:15)

Grady Miller, Ph.D.- North Carolina State University

John Sorochan, Ph.D.- University of Tennessee

This presentation will focus on species and variety selection, management including fertility and cultivation, overseeding, topdressing, plant growth regulators, and pesticide use.

The CSFM Test Demystified (3:00-5:15)

Tony Koski, Ph.D.- Colorado State University

Chris Calcaterra- CSFM, M.Ed, CPRP, City of Peoria Sports Complex

Learn what to study and how to prepare to take the exam. Pest management, agronomic and administration sections will be thoroughly reviewed and content presented will appear on the test. You'll take a practice exam to help you determine your readiness. If you plan on taking the CSFM exam in 2008, this is the best review offered.

4:15pm-5:15pm (5 concurrent Educational sessions)

Communication and Leadership

Boyd Montgomery- CSFM, SCPS, The Toro Company

STMA CONFERENCE PREVIEW

Discuss the importance of communication and how to develop leadership qualities for yourself and your team.

Hay is for Horses and So is Sports Turf

Mark Frever- Albion College

Learn how Sportsturf management skills apply to an Equestrian Center, where horses are athletes.

Women in the Industry

Lynda Wightman- Hunter Industries

The 2007 event was so successful, it has been expanded. Hear from women in the industry on career success strategies, bringing more women into the industry and balancing work/life issues.

The Field Wear Index (Repeated)

David Schlotthauer- BYU

The Field Wear Index will give the Sports Turf Manager the facts and figures to ask for increases in his budget by showing his managers the amount of actual wear that is taking place on his fields.

Management Strategies for High Traffic Natural Turf (Repeated)

Steve Wightman- Qualcomm Stadium

Take a real-life look at management strategies that can minimize the detrimental effects of high traffic situations. Focus will be on turfgrass management in less than ideal conditions and steps to take in providing the best playing surface/conditions possible.

SATURDAY JANUARY 19

8:00am-10:00am

(4 Educational Roundtables)

Managing Your Turf Without Pesticides

Joe Wagner- City of Iowa City

Cultural practices used in management of turf without the use of pesticides.

Getting a Seat at the Table- Inserting yourself in the Field Decision Process

Rich Moffitt- Rich Moffitt & Associates, LLC

This round table discussion will center on ways for the Sports Field Manager to get involved in the Sports Field decision-making process from start to finish.

Information Swap-Review STMA Advisory Bulletins

and Share your Favorite Publications

STMA Outreach Committee, Darian Daily- Chairman

Dealing with Field Vandalism

Gerald Landby- Carroll College

We will share our experiences with vandalism and how we respond. This is an opportunity to share policies, concerns and ideas regarding culprits who make our jobs more challenging.

EVERGREEN™ Turf Blankets... ...trusted around the world!

"Results Outstanding..., Could Not Believe..."

wrote **Dann Daly**, Park Maintenance Supervisor,
Parks & Recr. Dept., North Smithfield, RI

- Earlier spring green-up
- Faster seed germination
- Deeper root development
- Delays dormancy in fall
- Ideal winter blanket
- 3 & 7 yr. warranty covers
- Best for quick turf repairs
- Available in any size

[list of exhibitors]

A-Turf (A Division of Surface America, Inc.) **419**
Williamsville NY

A-Turf, Inc. specializes in the sales and installation of both in filled and conventional synthetic grass systems for athletic fields. A-Turf's focus is to provide superior synthetic grass systems combined with exceptional installation and after sales service. www.aturf.com

Advanced Drainage Systems, Inc. **1319**
Hilliard OH
Leading manufacturer of corrugated polyethylene and related drainage products.
www.ads-pipe.com

Aer-Flo, Inc. **1222**
Oneco FL
Aer-Flo, Inc. manufactures unique sports covers, including patented Wind Weighted® Baseball Tarps and Bench Zone™ Sideline Turf Protectors.
www.aerflo.com

Aerification-Renovation FX **1607**
Chandler AZ
Contract services for sports fields, parks and golf courses. Specializing in aerification and renovations. www.aerificationfx.com

AerWay **1205**
Norwich ON Canada
AerWay produces a full line of Turf Aeration Solutions. AerWay aerators are available starting at 45" all the way up to 15' wide - in both 3-Point and Pull Type configurations. www.aerway.com

Aquatrols Corp. **535**
Paulsboro NJ
Aquatrols creates products to improve or maintain your root zone environment.
www.aquatrols.com

Arizona Sports Turf **432**
Scottsdale AZ
We are a specialty company concerned with issues related to soil chemistry and water quality management. www.arizonasportsturf.com

ARMS Building & Maintenance **423**
Longview TX
Showcasing the distinctive ProPlay™ sports turf,

ARMS Building & Maintenance is fully able to maintain and install this unique system. ProPlay™ performs full-spectrum from professional to recreation sports. ProPlay™ mimics a perfect cut of grass for safety as well as results.
www.armsbm.com

Bannerman Ltd. **823**
Rexdale ON Canada
Aeration equipment, large turf rollers, topdressing machines, infield groomers, wet and dry liners, overseeding equipment and turf combs.
www.sportsturfmagic.com

Barenbrug USA **815**
Tangent OR
Barenbrug USA is an Oregon-based grass seed research company, selling turf and forage seed through a wholesale distribution network across the USA. www.barusa.com

Barkshire Laser Leveling Inc. **1507**
San Clemente CA
Barkshire Laser Leveling Inc. and its partner company Barkshire Laser Leveling-AZ, Inc. provide fine finish laser leveling services on sports fields and golf tees. Services include subgrade leveling, laser leveling, and top dressing for new construction, renovations and annual maintenance.
www.barkshireleveling.com

Bare Spot Solutions Turfgrass & Installation **426**
Wharton, TX
Premier turfgrass and the best installation crews and equipment. Available "State of the Art" Equipment
www.barespotsolutions.com

Bayer Environmental Science **1431**
RTP NC
Bayer provides solutions to your disease, insect, and weed control problems in ways that improve the health of your turf and ornamental plantings.
www.bayerprocentral.com

Beacon Athletics **914**
Middleton WI
Supplies soil amendments, field maintenance equipment, custom netting, padding, windscreens and more. www.beaconathletics.com

Blec USA Inc. **1213**
Anderson SC
Manufacturer of specialized turf care equipment including over seeders, deep fine aerations, slit drainage and machinery. www.blecusa.com

Brock USA **1531**
Boulder CO
We are a patented drainage and impact layer that replaces the stone and pads commonly used under synthetic turf. Our method installs faster than stone, uses a simpler drainage system, reduces costs and is more environmentally friendly.
www.brockusa.com

Buffalo Turbine, LLC **1325**
Springville NY
Established in 1945, Buffalo Turbine continues to supply quality turf products such as turbine blowers, top dressers, sprayers and greens fans.
www.buffaloturbine.com

Burnside Services, Inc. **900**
Navasota TX
We are a family owned and operated athletic field construction company built on integrity, productivity and quality. We have specialized in all types of high quality field construction for over twenty years. www.burnside-services.com

C & H Baseball, Inc. **833**
Bradenton FL
C & H Baseball, the industry leader in protective equipment, stadium netting and design, padding, windscreens, turf and more since 1968.
www.chbaseball.com

Cambridge International, Inc. **1525**
Cambridge MD
Manufacturers of Drag Mats engineered to offer superior edge treatment and stronger material than traditional mats in a variety of styles for different applications. www.cambridge-intl.com

Carolina Green Corp. **818**
Indian Trail NC
Licensed sports field contractor specializing in the design, construction, renovation and maintenance of native or modified soil and sand based fields.
www.cgcfields.com

Charles Williams & Associates 1400
Fayetteville TN
Charles Williams & Associates is a company that provides turf production and construction services.
www.cwasod.com

CMX Sports Engineers 1331
Phoenix AZ
CMX Sports Engineers is a nationally-recognized, full-service sports consultant specializing in the planning, design, and construction management of new and renovated sports facilities. CMX has almost 40 years of experience providing these services for a variety of clients, including colleges and universities, high schools, public and municipal recreation programs, and professional Major League Baseball and National Football sports teams. www.cmxengineering.com

Colbond Inc. 227
Enka NC
New & Improved EnkamatPlus® is an innova-

tive product that provides maximum protection for natural turf fields in the most high traffic areas - the sidelines during football and soccer games and around the batting cages at baseball practices. EnkamatPlus won't crush or suffocate the grass, and the open structure of the mat allows rain (and other liquids) to flow through - keeping the grass blades intact and protecting the field from unwanted downtime.
www.colbond-usa.com

Country Stone, Inc. 1305
Milan IL
Provider of quality red lava infield conditioner and warning track mix, pre-blended root zone and divot repair mixes by Country Stone.
www.countrystone.com

Covermaster Inc. 801
Rexdale ON Canada
A leading supplier of baseball/football athletic field covers, mound and plate covers, turf growth

blankets, turf protective systems and protective wall padding. www.covermaster.com

Dakota Peat & Equipment 307
East Grand Forks ND
Manufacturer of top dressing equipment and supplier of peat, blending and testing.
www.dakotapeat.com

Delta Bluegrass Company 1321
Stockton CA
For over 30 years, Delta Bluegrass Company has been providing and installing the industry's highest quality products. Our Tifway 419, 50-50 Blue Rye, and our exclusively grown Baby Bermuda are ideal for all your sports turf needs.
www.deltabluegrass.com

Desso DLW Sports Systems 1409
The Netherlands
Desso DLW Sports Systems is a manufacturer and supplier of outdoor sports surfacing solutions.
www.dessodlw.com

The Best Dressed Sports Fields Start Out In Our Hands.

America's leading sports fields use America's best field marking paints and custom stencils. When great teams choose to decorate their fields, they turn to World Class.

TIFSPORT BERMUDAGRASS

IT'S IDEAL FOR ATHLETIC FIELDS OF ALL STRIPES

TifSport Bermudagrass has great color. It recovers very rapidly from day-in and day-out abuse and injury. It has a much finer texture than Tifway 419 and most other bermudagrass varieties. It's also extremely cold tolerant, which makes it ideal for fields in the transition zone. Overseeding TifSport is a routine job as well. It provides an excellent base for ryegrass and ryegrass blends. If you're looking for a certified bermuda

that can stand up to the stress and demands of big-time sports, to the wear and tear from the cuts, starts and sudden stops you get from football and soccer cleats, to the punishment of baseball spikes, relax, you've found it - TifSport. It's what many experts are calling the new standard in sports turf for the 21st century. For more info and a list of licensed growers visit our website or call 706 542-5640.
