

## ONE FIELD IN ONE HOUR.

The Mete-R-Matic® XL is the ultimate sports turf topdresser. Its large hopper capacity lets you spend more time topdressing and less time transporting—complete a field in just an hour. Patented Chevron® belt delivers a uniform spread of sand, compost and other materials, regardless of moisture content. The patented ground drive system ensures the same application rate even at varying speeds. And with no hydraulics or engines, speed calibration is not required—just hook up and go.

## Supreme-Green™ Turf Growth Cover

Supreme-Green is a multi-purpose turf growth cover made of a specially designed material to provide early green-up, accelerated germination and winter protection. The Supreme-Green cover encourages root development and rapid growth while extending your spring and fall seasons.

Supreme-Green turf growth cover is specifically engineered to promote earlier openings by 2-3 weeks.

- Reduces seed loss
- Promotes earlier root establishment
- Accelerates Germination
- Reduces frost and ice-damage
- Porous to allow water and air circulation
- Mildew and rot resistant
- Quick turf repairs

### Specifications:

- Made of tough woven non-coated polyethylene material
- UV treated for long life
- Green tint for best heat build-up
- One piece construction
- Comes complete with anchor pegs and storage bag
