

GET ON TRACK with STMA at the 24th Conference and **Exhibition in Daytona Beach!**

STMA heads to Daytona Beach,

Florida from Jan. 15-18, 2013 for the 24th Annual STMA Conference and Exhibition. The "World Center of Racing", as Daytona Beach is known, welcomes millions of visitors every year to its varied attractions, sporting venues, restaurants, and 23 miles of beaches. Just an hour's drive to the greater Orlando area, Daytona has found its success as a year-round tourist destination because of its temperate climate, proximity to other popular Florida cities, and hosting of locations and activities of interest that are unique to the area including the Daytona International Speedway, Florida Tennis Center, Ladies Professional Golf Association International (featuring two championship courses, The Legends and The Champions), Tomoka State Park, and Halifax Harbor Marina.

As STMA celebrates 31 years as the premier non-profit association for the men and women who manage athletic fields, it invests - more than ever - in its educational mission with the introduction of the STMA Academy and addition of several new tracks. The Academy was born out of member requests for deeper educational opportunities pre and post conference; all sessions offer higher-level learning opportunities in hands -on, interactive workshop settings that can be built upon at future conferences and are included in the full registration price. Additionally, the total number of educational tracks available now at conference totals 11, up from nine in 2012; the addition of these two tracks raises both the number of sessions (up to 72 in 2013 from 64 in 2012) and the number of speakers (up to 74 in 2013 from 55 in 2012) for an even richer,

STMA REGISTRATION
