

### Graco launches new FieldLazer S90 field marking machine

Graco Inc.'s FieldLazer S90 is the industry's first battery-powered, high-pressure airless sports field marking machine. It is an affordable, easy-to-use striping solution with proven Graco FieldLazer spray technology that reduces paint costs by up to 75%. The field marker delivers professional, bright, long-lasting lines for up to 10 soccer fields or one football field on a full charge, powered by a 12V battery. The spray technology coats both sides of the grass blade (and not the ground) in a single pass with undiluted paint. Just pour in paint and press the button to start. The removable, Tilt-N-Pour 6-gallon paint hopper minimizes refills and is easy to fill, remove and clean. The FieldLazer S90 marking system is compact and portable with an adjustable handlebar for comfortable spraying at all heights and for easy transport and storage.

### Pioneer Athletics

Pioneer Athletics developed the world's first No-VOC athletic field marking paints for natural grass. Recognized by the United States EPA's "Design for the Environment" program for using environmentally preferable chemistry, Brite Stripe Ultra-Friendly, Game Day Ultra-Friendly, and StarLine Ultra-Friendly provide turf managers, coaches, and parents three options to mark playing surfaces with white and blue paint without compromising environmental concerns. Pioneer's Ultra-Friendly paints are also available in No-VOC red, orange, yellow, and black and are pending EPA DfE recognition.

### Temp-Stripe athletic field marking paint

Removable synthetic turf marking paint that applies like normal field paints. Our exclusive formula was designed and developed for temporary use on synthetic turf fields in which numbers, lines, logos and boundaries require a quick change over following an event. Temp-Stripe is available in all team colors. Removal is accomplished with light to moderate water pressure and scrubbing or with help from our Port-A-Scrub paint removal machine. No costly chemical solutions needed. Because the colors are organic in nature and biodegradable, it is environmentally friendly, low VOC and completely safe on turf, uniforms and players.

It's the original Temporary Athletic Field Paint!

### Custom field logos

Give your field a professional look with a custom field logo. World Class field stencils are computer-designed and cut to provide the highest quality field graphics at an economical cost. Because we manufacture both the stencils and field paints, we can supply the entire field graphics package with just one phone call. World Class Field Stencils are perfect for painting letters, team logos and corporate sponsor logos on any turf areas. Last minute? No problem. Most stencils can be delivered within 2 weeks.

### Streamliner Dryline marker

The Streamliner is simply the best dryline marker in the business. With its variable flow control, Field Testing has proven the Streamliner is the best for the quality of the chalk line while using less chalk than its competition. A heavy-duty steel frame, pneumatic tires, rugged molded plastic hopper, flexible brush agitator, accurate string-line guides, and a one-button retractable handle for easy storage set the Streamliner apart. Available in 2-, 3-, and 4-wheel models. Perform two jobs with one machine when striping your fields by adding the optional Beacon Double Play Aerosol Attachment to allow you to stripe fields with chalk or paint quickly and with no mess! The Double Play Aerosol attachment grips to the base of the handle and allows for up and down adjustment to ensure proper line width.

### TempLine natural grass turf marking paint

TempLine Natural Grass Paint delivers excellent performance with less environmental damage and waste. TempLine is easy to mix and apply, with superior brightness, opacity, play durability and weather resistance. Each box makes from 5 to 14 gallons of paint. You decide how much paint to make with each box, depending on your line brightness requirements. Besides ease of preparation, application and great marking performance, TempLine formulation and packaging means no Volatile Organic Compounds (VOCs) released into the air, less solid waste to dispose of, less required storage space and lower shipping cost. One pallet of 96 boxes provides from 480 to 1,344 gallons of paint, the equivalent of three pallets of 5-gallon pails.

### NewRider 1700 HPA

The NewRider 1700 HPA by Newstripe is the economical ride-on high pressure airless striping machine for marking athletic fields. The NewRider 1700 HPA is designed to quickly spray straighter, brighter looking lines and the 25 gallon paint tank will stripe numerous fields without having to be refilled. Additionally, the fully adjustable spray pump on the NewRider 1700 HPA saves money by spraying 'just the turf' and 'not the dirt' with any paint. The on-board purge tank eliminates clogging of spray tips and makes clean-up a snap. The NewRider 1700 HPA also features a hydrostatic drive and a 10.5 hp Briggs and Stratton OHC engine with electric start, and removable gun with 25' hose for stencils.

## Game Time Stripe-It aerosol paint

Louisville Slugger Game Time Stripe-It aerosol cans have uniform coverage with quick drying results, crisp lines, and are perfect for marking all athletic fields. The paint is water-based, and eco-friendly. It is safe for all turf fields, and can even be used on damp turf. It has a long shelf life. The spray nozzle is uniquely designed to sit out of the way of your finger, resulting in no more paint on your fingertips. The can fits in most competitors' aerosol machines. The paint is available in white or 11 different colors, and colors are also available in 5 gallon buckets. Made in the USA! Game Time Sports Systems also carries the application equipment.

## New PUMP-N-GO spray liner

A great new alternative to aerosol painting of athletic field lines, the PUMP-N-GO is a lot quicker to use and delivers a more vivid line. This lightweight paint liner has a 2-gallon tank capacity, so there's no need to stop and shake cans repeatedly; just PUMP IT UP and you're ready to paint a few hundred feet. The PUMP-N-GO uses our #4030 EZ paint which is ready-to-use and is offered by the case with four 1-gallon bottles. This economical system is great for schools or parks with a few fields...or can be used for "touching-up" fields at larger multi-field complexes.

## Line Racer

With almost two decades of experience manufacturing electric line marking equipment, Fleet's latest addition to its range is the Line Racer. A compact battery-powered unit that has all the convenience of the aerosol can type machine but delivers big sprayer performance. Line Racer is a striping system that uses Ultimate Line, a sealed, 1-gallon jug of paint that plugs cleanly into the machine and allows you to paint a complete soccer field with the flick of a switch. With a two jug capacity and enough battery power for several fields, you can produce quality lines in half the time without the need to shake cans or deal with the disposal issues of partially used cans.

## Jacobsen launches new AR522 contour rotary mower

Jacobsen has launched the new AR522 contour rotary, a mower with superior climbing and ground-following capabilities. The new mower is an update of the previous Jacobsen AR-522 and is designed to maintain intermediate golf roughs; green and tee surrounds; and sports and recreation fields. The new AR522 five-gang rotary mower is equipped with SureTrac four-wheel drive traction and weight transfer control, allowing it to glide over ground contours and climb hills with ease. The SureTrac system automatically transfers power where needed to provide superior performance on hills. The AR522 also features an advanced weight transfer system that allows for balancing of the machine's weight between the traction unit and decks for optimal traction and ground following in varying terrains.

## 2013 Gator heavy-duty XUV models

John Deere introduces its 2013 Heavy-Duty Crossover Utility Vehicle (XUV) lineup. Featuring the all-new, fastest, most powerful four-seat Gator available, plus updates to current models. Outdoor enthusiasts sharing the trail or work site can now transport friends, family and gear in the all-new, heavy-duty XUV 825i S4. The latest addition to the Gator family provides the durability and versatility owners expect around their property or off-road destination. To allow for extra passengers or needed cargo space, the XUV 825i S4 provides an innovative, convertible rear seat cargo space. Two additional passengers can be transported in the rear seat area that includes a large under-seat storage compartment. And when more cargo room is needed, the rear seat folds down in just seconds providing a flat platform with tie-down points that can hold an additional 400 pounds of payload.
