e've got over 500 acres of sod. Where we have Rebel we need only half as much fertilizer and

half the water. That's more profit for us. But it's also good for our customers.

Take the South Jersey Pinelands, for example. They're very strict about landscaping because

of risk to the aquifers. But they do allow our Rebel sod there simply because it needs less fertilizer and water. And it does well in full sun, yet it's the closest we've come to a perfect shade grass.
