

Of course even with all these extra features, our new hydrostatic utility tractors are still built the same way as all our tractors. Rugged and dependable. They're designed around fuel-stingy diesel 3-cylinder engines (16-hp in the 655, a 20-hp in the 755, and a 24-hp in the 855).

And they all feature live independent mid and rear PTO.

To learn more about our compact utility tractor line, or the name of the dealer nearest you, call 800-447-9126 toll free (800-322-6796 in Illinois). Or write John Deere, Dept. 79, Moline, IL 61265.

Or better yet, why not go and check out a hydrostatic tractor for yourself. You'll get attached to one in no time at all.
