SPORTS TURF MANAGER/FACILITIES MANAGER POSITION WANTED. Winner of the Baseball Diamond of the Year Award. Seeking a professional position that would utilize my skills in turf, stadium and facilities management, personnel supervision, purchasing, construction and renovation. Experienced in all phases of professional baseball and basic football layouts and dimensions, and special events. Contact: Ron Timpanaro, 1760 St. Anthony Drive, Clearwater, FL 34619, (813) 797-6752.

SPORTSFIELD DESIGN, RENOVATION, AND CONSTRUCTION

Whatever your sport, whatever the level of play, and wherever the location, Sportsfield, Inc., can provide all the services required to meet your needs. Our team of experienced personnel can design, renovate or construct your playing fields. Do it right the first time! Call or write for our brochure, P.O. Box 615, Blue Island, IL 60406, (312) 371-0917.

DRAINAGE PROBLEMS?

Don't rebuild your sports fields. The Verti-Groove is an inexpensive alternative to improve drainage. Deep aerify and create sand slices six inches deep and one half inch wide without materially disturbing play. Call or write to:

The pros say we dress better than the copycats.

The Bannerman TURF-TOPPER has been the world's leading topdresser for large turf areas for the past 5 years. **TURF-TOPPER is the original.** The other fellows sell one which resembles it, but the pros say "Ours is best". Perhaps we can arrange a demonstration for you through our nearest distributor (U.S.A. or Canada). Ask for complete details.

ADVANTAGE...

FAST, EFFICIENT, LOW COST, LOW MAINTENANCE TURFGRASS AERATION

AERWAY USERS

- Chicago White Sox
- Los Angeles Raiders
- Seattle Seahawks
- Boston Red Sox
- Detroit Tigers
- Cincinnati Reds
- Washington Redskins
- Miami Dolphins

- Texas A&M University
- Vanderbilt University
- Victoria University

SEVERAL MODELS AVAILABLE, WITH:

- 28" TO 86" SWATH
- PULL-TYPE OR 3 POINT HITCH
- 5", 6 1/2" AND 8" TINES
- HYDRAULIC LIFT

DESIGNED ESPECIALLY FOR HARD COMPACTED TRAFFIC & PLAY AREAS.

The unique patented design fractures the soil between the tines enhancing the soil profile and its natural capillary action. This eliminates ponding and allows air, moisture and fertilizer to get to the root system maximizing growth and greener turf.

The "AER-WAY" now comes standard with a full width weight box, tow bar and parking stands, and optional passive or precision overseeders.

AQUAPORE

Choose the subsurface irrigation system that leaves your designs unspoiled by unsightly, vandal-ridden sprinkler heads and bubblers. Choose Aquapore! Eliminate callbacks and replacement plantings from improper watering and stressful wet/dry cycles. Choose Aquapore!

Aquapore's patented, rubber and polyethylene pipe is porous and flexible, featuring a unique weeping action that dispenses water and fertilizers uniformly to the root zone. It reduces water consumption as much as 50 percent—important to

drought-plagued areas; and because there's no runoff, liability risks are minimal.

Choose an irrigation system that's simple to install, even for your sophisticated layouts; one that saves you time and money. Choose Aquapore! Select a system that's ideally suited for any commercial or residential situation—your options are limitless! Choose Aquapore!

Now that you've chosen Aquapore, write or call us for detailed information about the Aquapore system and the name of our nearest distributor.

What's Your Net Worth?

...a question for the users of netted mulch blankets

Is it worth the aggravation, costs of down time, and repair to mowing equipment?

USE PROSEED PS100

TO IMPROVE YOUR BOTTOM LINE!

PS100 is the only completely biodegradable mulch blanket on the market today. PS100 contains no netting... instead, the fibers of the blanket are bonded with a high strength, flexible adhesive, resulting in superior erosion control capabilities.

So whether your final landscape plans call for grasses, legumes, wildflowers or ornamental plants...
