

CHEYENNETM

Turf Type Bermudagrass

THE BEST GRASS YOU EVER SEED

That's what you get with Cheyenne... the best grass you ever seed!

Cheyenne turf type bermuda grass gives you the texture and uniformity of sod at a fraction of the cost. It also gives you characteristics like cold tolerance, dwarf-like growth habit, and mowing levels of down to 1/4". Cheyenne performs well under heavy traffic and repairs itself rapidly when damaged. All this in a bermuda grass from seed that greens up significantly earlier than other bermudas and stays green longer after first frost.

Cheyenne's dark green color and uniform texture make it the ideal grass for golf courses, parks, playing fields and lawns.

amazing new... think about seeded...
