

# Rain Happens!

*...but wet ground is obsolete!*

Never again have an event delayed or canceled because the field is too wet after the rain stops!

With WaterHOG, standing water is a thing of the past. It can remove excess water from football, baseball, or soccer fields--tennis courts, too-- within minutes after a rainfall. You can even begin using it while the rain is still coming down.

WaterHOG can pick up thousands of gallons an hour from turf or hard surfaces. It leaves no ruts in even the most water-logged terrain. The water is dispersed up to 150 feet using its water cannon, or carried away and pumped into a drain or holding pond.

WaterHOG is now manufactured and supported in the United States, using patented technology simplified from earlier versions. It has been used by Wimbledon, Yankee Stadium, and Butler National Golf Club. Call toll-free for demonstration information.

**WATER HOG**

**Star Transportation Products, Inc.**

**7700 E. Arapahoe Road, Suite 350**

**Englewood, Colorado 80112**

**1-800-495-4429**

**303-843-6243; FAX 303-843-9284**

**WaterHOG Jr.** is our inexpensive push model that is ideal for supplementing the WaterHOG or for smaller problem areas with difficult access.
