

Master the Tools to Compete.

Guide to Golf Course Irrigation System Design and Drainage, by Edward Pira. • This book covers every important aspect of the subject in an easy-to-understand format. It is perfect for practicing turfgrass manager & superintendent, consultant, sales representative and student. Used in academic courses for years, this is the first commercially available version. Completely revised with new exercises, practical examples, numerous new figures, and expanded sections covering a wide variety of irrigation system components. Guides the reader through every phase of an irrigation program from design to construction- from program scheduling to operation and maintenance. Turfgrass managers and golf course superintendents will refer to this book often to plan effective irrigation systems, ensure appropriate capacity, easy installation and practical operation and maintenance. 400 pp. 4004 Price: \$59.95

Color Atlas of Turfgrass Diseases, by Dr. Toshikazu Tani and Contributing Author, Dr. James B. Beard • Presents over 350 high-quality color photographs of all the major turfgrass diseases that occur on both warm and cool season grasses and it is international in scope. This book will become the standard color guide to disease diagnosis and pathogen identification for golf course superintendents and turfgrass practitioners. Maps are included to assist in disease identification by providing geographical locations where each disease/pathogen is likely to occur. It also provides color photos of step-by-step guidance on diagnostic techniques for laboratory analysis which can be used by practitioners. 140 pp. 4005 Price: \$79.95

The Surface Irrigation Manual, by Dr. Charles Burt. The text delves in-depth into the proper design and operation of surface irrigation systems. Also covers subjects such as soil types, salinity, surge flow and infiltration. Indispensable aid for farming, educators in agriculture; irrigation design professionals for government agencies working with the agriculture industry. 400 pp 4007 Price: \$49.50

Sports Turf Management Program—Maintenance & Renovation Planning Guide by Ashman & Associates. This manual was developed to provide a coherent plan for the management of the baseball field playing surface. This manual provides operational guidelines for the grounds crew to use as part of the maintenance plan. Enhances the "playing conditions" of the field by elevating the maintenance standards to the highest level possible. Complete descriptions of the maintenance protocol and identification of key issues to be discussed before starting objective maintenance procedures. This book provides a plan of action outlining the tasks to be completed and benchmarks to measure the progress of the program. 160 pp. 4024 \$105.00
