[1400 lbs\*]

[800 lbs]

## Everybody else is a couple bricks short of our load.

Nobody but nobody  
outhauls a John Deere Gator®  
6x4 Utility Vehicle. Whether it's with a  
cart or without, a Gator 6x4 takes on  
loads other utility vehicles can only dream  
of. But even with a payload topping out  
at 1,400 pounds\*, a Gator 6x4 stays  
light on its feet, thanks to low-pressure,  
high-flotation tires. Gators also feature a  
low center of gravity and a wide-stance  
front end for perfect balance. And a  
heavy-duty, arc-welded frame provides  
maximum strength. Want the ultimate  
beast of burden? Just visit your local  
John Deere dealer. Or call us at  
**1-800-537-8233. [www.deere.com](http://www.deere.com).**

\*Includes 200-pound operator, 200-pound passenger, and 800-pound payload.

Call 1 (800) 817-1889 use **Fast Fax #1051298** and/or **Circle 105** on Inquiry Card

## INTRODUCING GOOSSEN'S EXPANDED LINE OF DEBRIS BLOWERS

Goossen Industries is blowing away the competition with the introduction of the new **BL-2000PTO DEBRIS BLOWER**

The BL-2000PTO nearly doubles the power of its little brother, the BL-1000PTO, a solid performer since its introduction three years ago.

■ Air is drawn into the belt-driven, 9-inch-wide fan of the BL-2000PTO's 40-inch diameter blower. The open throat design of the symmetrical fan maximizes air flow by drawing from both the front and the rear of the unit. The air then passes through the blower fans and is expelled at the incredible rate of 7,000 cubic feet per minute. The hurricane force winds generated by the BL-2000PTO are controlled by its 180-degree directional blower spout which can be adjusted from the tractor seat.

■ Also available is the BL-1000 Front Mount model to fit most Jacobsen, John Deere and Kubota front mount mowers.

■ For details on this and other fine Goossen products:
