RAINCOVER SYSTEM

by COVERMASTER®

When you rely on the Covermaster® Raincover System to keep your field ready for play, you'll make life easier for you and your grounds crew at the same time.

The Covermaster® Raincover System features equipment that makes it simple to install, remove and store your tarp. It will also save you time and labor.

And with our wide choice of cover materials, Covermaster can custom design your tarp in the size and configuration that will meet your special needs.

The Covermaster® Raincover System. You could say we have you covered.

For more information call us today.

TARPMATE™

This lightweight and easy to handle roller with special end caps provides safety against injury for both grounds crew and the players.

TARPMACHINE™

Takes the heavy work out of rolling the cover over the field. Attaches to the P.T.O. on your tractor.

SUPRANOVA SUPINA BLUEGRASS
HOME OF THE SENATORS

Ron McNutt Field
Carson City High School
4 Hours Of Practice Every Day
35 Regular Season Games
60 Summer Season Games
Host of the 6-day Carson Capital Invitational
The Team Has Never Looked Better.
Neither Has The Grass.

Two of the toughest teams ever to grace a baseball diamond thrive on this field. One is the Senators and the other is Supranova Supina Bluegrass from Fine Lawn Research.

This all purpose turfgrass is great for residential lawns, athletic fields and golf courses. It thrives in those hard to maintain shady areas. It grows where other turf-grasses are reduced to dirt by heavy usage. It is aggressive and rapidly regenerates to create denser and thicker turf.

And sod growers? They love it. Because now, by using Supranova Supina Bluegrass as part of their mixture, they can deliver a sod product that will perform in the shade as well as withstand heavy traffic. One final consideration: it is low growing which means less mowing and more savings.

If you want your team to look and play its best, make sure your home turf is Fine Lawn turf.

Call Fine Lawn today for more information or for the location of the dealer nearest you.

PRODUCT SHOWCASE

AerWay Turf Aerators

AerWay turf aerators give grounds managers more options for treating sports field compaction. A typical playing field can be treated in less than 2 hours, ideal for working within a

narrow "window of opportunity" on heavily used fields.

AerWay relieves soil compaction 7" and deeper. Patented AerWay Shattertines twist in the soil, cracking it sideways, and gently lifting it, to relieve even the most severe compaction. Play or practice can resume following a mowing pass.

Starting under \$3,000, AerWay units are extremely rugged, need very little maintenance, and minimize labor requirements.

"AerWay and Play Right Away"

Jaydee Drive Liner

The Jaydee Drive Liner is a self-propelled riding line marker. The 35-gallon paint tank carries enough marking material for a complete game field, or several practice fields. The 2-gallon flush tank cleans the discharge lines for work breaks, travel, or overnight. The center or side-mark spray shields are always operator-visible. A nearly zero turning radius reduces or eliminates back and turn maneuvers.

Water Reels

Kifco has introduced two models to their popular line of Water-Reels. The new B110 and B180 extend the product line to ensure there is a Water-Reel to fit your needs. Machines are compact, easy to use, operate unattended, and shut off automatically. They are suitable for all types of sports turf and are easily transported from one area to another. Water-Reels combine outstanding features that come from more than 25 years of traveling sprinkler engineering.

PRODUCT SHOWCASE

Kromer

PROBLEM

Is there a ridge of infield material hidden in the outfield grass that can trip running players or injure a player by a deflected thrown or batted ball.

SOLUTION

The **KROMER RIDGE REMOVER BROOM** shown sweeping this displaced material back into the infield where it is leveled by a floating blade and broom on back of the **KROMER AFM™**

KROMER CO.

Mound, MN 55364

Green Lawnger™ green turf paint

Green Lawnger™ from Becker-Underwood is the professional way to restore the natural appearance to turf which is dormant, damaged, or discolored due to fertilizer burn or other such problems. It is ideal for sports turf, golf course greens, tees and fairways, commercial and residential lawns...any place where healthy-looking turf is required.

JOHN DEERE GATOR® ACCESSORIES

NEW FASTLINER PAINT LINE MARKING SYSTEM

Fastliner lives up to its name, marking athletic fields at speeds up to 15 mph. Fastliner paints lines on athletic fields, parking lots and streets. Mounts to 6x4 or 4x2 Gator®.

BALL FIELD FINISHER

Heavy duty electric 3 point lift raises or lowers attachments on rear of Gator® 6x4 or 4x2. Ideal for Broyhill's

Ball Field Finisher, featuring flip-up scarifier, 45 degree back slope level bar and 12"x2" rubber flails. Pattern grooves allow pattern definition for all ball fields. Works great even in wet conditions. (79" wide) (shown with new electric 3-point lift kit)

Broyhill ...over 50 years of excellence.
