# Big, Bad Wolf

No huffing. No puffing.  
 Just plenty of wind. John Deere BP40 and BP50 Pro-Series™ Blowers feature maximum wind velocities of 180 and 185 mph and weigh just 18 and 19 lb., respectively. CD ignition provides starting that won't steal your breath away. A wide, padded harness means extra operating comfort. Pro-Series blowers. Available only from your servicing John Deere dealer.

## PRODUCT SHOWCASE

### TYPAR® TURF BLANKETS

Typar® Turf Blankets retain warmth, which enhances germination and growth and helps protect turf from winterkill. The blankets also protect from wind and desiccation, retain moisture and allow sunlight, air and water through to the soil. Made of spun-bonded polypropylene, Typar Turf Blankets are tough, durable and tear resistant.

**JACKLIN**  
*Quality Inside*

NET WEIGHT  
PRODUCT

## If the label's on it, the best is in it.

Now it's easy to know whether you have the best turfgrass mixtures and blends available. Just look for the *Jacklin Quality* label.

The *Jacklin Quality* label on the bag says you're planting turfgrass varieties with:

- the industry's leading private research and breeding program behind them
- a wealth of innovation that has led the world in turfgrass development for nearly seven decades
- proven performance that combines unsurpassed color, turf quality and disease resistance

You never have to wonder if the best is in the bag when the Jacklin name is on it.

So the next time you order seed, ask for *Jacklin Quality* inside. You'll forever be labeled as somebody who knows how to grow great turfgrass.

### Jaydee Drive Liner

The Jaydee Drive Liner is a self-propelled riding line marker. The 35-gallon paint tank carries enough marking material for a complete game field, or several practice fields. The 2-gallon flush tank cleans the discharge lines for work breaks, travel, or overnight. The center or side-mark spray shields are always operator-visible. A nearly zero turning radius reduces or eliminates back and turn maneuvers.
