JD PRO Conditioned

Finally, reconditioned equipment that's so good, you have our word on it. JD ProConditioned stands for a special line of pre-owned, self-propelled John Deere golf & turf products. Each certified product comes with a one-year or

500-hour warranty covering specific powertrain components. In order to be called JD ProConditioned, each piece of equipment must pass a 44-point check-up under the scrutiny of John Deere authorized service technicians. And all reconditioning is done with genuine

John Deere parts. Now you can enjoy the quality, support, and service of John Deere equipment at a price that will look good on any bottom line. Ask your John Deere distributor about JD ProConditioned. Or look it up on the internet at www.machinefinder.com
