☐ 1 Online Session ($35) ☐ 3 Online Sessions ($75*)
☐ 1 Onsite Session ($50) ☐ 3 Onsite Sessions ($120*)

Advance Registration for Onsite Sessions in Louisville include the Expo
*$10 Early Bird Discount if registration received before 9/1/05

Friday, October 14, 2005 - Landscape 1 Track

☐ Session LC01 - 8:00 to 10:00 - Synthetic Infill vs. Natural Turf
  Accreditation Applied For: ASLA, CCA, GCSAA, STMA
  A.J. Powell, Ph.D., University of Kentucky; George Neagle, Synlawn

☐ Session LC02 - 10:30 to 12:30 - Drainage Issues in the Landscape
  Accreditation Applied For: ASLA, CCA, GCSAA, IA, ISA, STMA
  Barry Kew, University of Kentucky; Phil Hilliker, EMOH Bros.

☐ Session LC03 - 1:30 to 3:30 - Hemlock Woolly Adelgids
  Accreditation Applied For: CCA, DPR, GCSAA, ISA
  Terry Tatlar, Ph.D., University of Mass.; James Cortese, Cortese Tree Specialists

Friday, October 14, 2005 - Golf Track

☐ Session LC04 - 8:00 to 10:00 - It's All About the Turf
  Accreditation Applied For: ASLA, CCA, GCSAA, STMA
  Erik Ervin, Ph.D., Virginia Tech; Michael Vanatta, Environmental Turf

☐ Session LC05 - 10:30 to 12:30 - Management Skills for Golf Courses
  Accreditation Applied For: GCSAA
  William Baker, Rep. UCR Ext.; Andrea Bakalyar, Wee Course at Williams Creek

☐ Session LC06 - 1:30 to 3:30 - Golf Course Preparation
  Accreditation Applied For: CCA, DPR, GCSAA, STMA
  William Baker, Rep. UCR Ext.; Andrea Bakalyar, Wee Course at Williams Creek

Saturday, October 15, 2005 - Arboriculture Track

☐ Session LC07 - 8:00 to 10:00 - Micro-Injection Solutions
  Accreditation Applied For: CCA, DPR, GCSAA, ISA
  Terry Tatlar, Ph.D., University of Mass.; James Cortese, Cortese Tree Specialists

☐ Session LC08 - 10:30 to 12:30 - Tree Decay: Structural Issues
  Accreditation Applied For: CCA, DPR, GCSAA, ISA
  William Baker, Rep. UCR Ext.; Susan Sims, Sims Tree Learning Center

☐ Session LC09 - 1:30 to 3:30 - Soil Issues That Impact Tree Health
  Accreditation Applied For: CCA, DPR, GCSAA, ISA
  Susan Sims, Sims Tree Learning Center; Paul Sachs, North County Organics

Saturday, October 15, 2005 - Sports Turf Track Sponsored by STMA

☐ Session LC10 - 8:00 to 10:00 - Managing Healthy Sports Fields
  Accreditation Applied For: CCA, DPR, GCSAA, STMA
  Tom Samples, Ph.D., University of Tenn.; Paul Sachs, North County Organics

☐ Session LC11 - 10:30 to 12:30 - Efficient Irrigation Management
  Accreditation Applied For: CCA, GCSAA, IA, STMA
  Dave Minner, Ph.D., Iowa State University; Lynda Wightman, Hunter Industries

☐ Session LC12 - 1:30 to 3:30 - Developing an Aeration Program
  Accreditation Applied For: CCA, GCSAA, IA, STMA
  Trent Hale, Ph.D., Clemson University; Dale Getz, The Toro Company

Sunday, October 16, 2005 - Landscape 2 Track

☐ Session LC13 - 8:00 to 10:00 - Sustainable Landscapes: HortiGenomics
  Accreditation Applied For: CCA, DPR, GCSAA, ISA, STMA
  Susan Sims, Sims Tree Learning Center; Dr. Bruce Williams, Agronomy and Horticulture Services LLC; Ron Whitehurst, Rincon-Vitova Insectaries

☐ Session LC14 - 10:30 to 12:30 - Warm Season Turf for the Landscape
  Accreditation Applied For: ASLA, CCA, GCSAA, STMA
  Trent Hale, Ph.D., Clemson University; Michael Vanatta, Environmental Turf

☐ Session LC15 - 1:30 to 3:30 - Laws and Regs for Chemical Application
  Accreditation Applied For: CCA, DPR, GCSAA, ISA, STMA
  Ken Franks, Kentucky Dept. of Ag.; Jerry Seabolt, Tennessee Dept of Ag.

Sunday, October 16, 2005 - Park and Recreation Track

☐ Session LC16 - 8:00 to 10:00 - Turf Options for Park & Recreation Mgmt.
  Accreditation Applied For: ASLA, CCA, GCSAA, STMA
  Tom Samples, Ph.D., University of Tenn.; Michael Vanatta, Environmental Turf

☐ Session LC17 - 10:30 to 12:30 - Saving Water with Irrigation Efficiency
  Accreditation Applied For: ASLA, CCA, GCSAA, ISA, STMA
  Bernd Leinauer, Ph.D., New Mexico State University; Andy Moore, Aquatrols

☐ Session LC18 - 1:30 to 3:30 - Managing Pest Outbreaks in Trees
  Accreditation Applied For: CCA, DPR, GCSAA, ISA
  Ron Whitehurst, Rincon-Vitova Insectaries; Joe Doccia, Arbor Jet

Payment: ☐ Check ☐ Am Ex ☐ Discover ☐ Visa ☐ MasterCard
Note: There are no refunds, registration can be transferred if you are unable to attend. Unlimited Access will show on your statement as merchant.

JOHN DEERE’S AERCORE
The Aercore 2000 features the patented “Flexi-Link” design that ensures tines stay perpendicular to the ground for a consistently round hole. A 77.5-in. coring swath from this tractor-mounted attachment delivers high productivity without sacrificing hole quality, durability or ease of service. This machine will produce coring holes up to 4 in. deep and can cover 100,066 sq. ft./hour. A 2.4-in. or a 3.2-in. pattern, are available, depending on the speed of movement.
John Deere/800–537–8233
For information, circle 081 or
see http://www.oners.ims.ca/5063–081

PLANETAIR’S HIGH DENSITY AERATORS
PlanetAir has introduced the High Density 50 Tow and the High Density 50 PTO aerators, which can produce a 1/2-in. hole with a 2x2-in. spacing at a rate of 1.2 acres per hour. The patented coring tine cuts clean cores at the surface and shatters the soil below. This results in up to 90% less clean up; just aerate and mow. The results are more durable, dense and playable turf due to the intense root zone aeration. The shatter knife technology combined with the planetary motion creates pore space through your root zone, with virtually no surface disruption. You can aerate circles around a pitcher’s mound, gold post or difficult corners while the aerator is working in the ground without tearing turf.
PlanetAir Turf Products, LLC/877–800–8845
For information, circle 084 or
see http://www.oners.ims.ca/5063–084

TURFCO DIRECT’S DETHATCHER 20
Constructed of 10-gauge welded steel, and
Dethatcher 20 from Turfco Direct is pow-
ered by a 5.5-hp Honda engine. It features 52 heavy-duty flail blades to handle thick, heavy thatch. Offering up to 10,000 square feet per hour productivity, the unit’s light weight and ball-bearing wheels provide maneuverability, even on rough turf. Depth is controlled by a micro-screw with large plastic grips for tool-free adjustments. A folding handle facilitates transport.
Turfco/800–679–8201
For information, circle 070 or
see http://www.oners.ims.ca/5063–070
Showcase your professionalism
Enter the Field of the Year Awards program

Don't delay. You have less than two months to submit your field for the Field of the Year Award.

Enter your sports field to be considered for an award in baseball, football, soccer, softball or complex. For each field type awards may be given in the professional, collegiate, and schools/parks category. To be considered for the Complex of the Year, the facility must have a minimum of four fields and host a minimum of three different sports.

Each winner receives a registration to the annual STMA Conference and Exhibition, travel and hotel costs up to $500, and signature clothing for the award winners and their staff. The winning fields are also featured in a 2006 article in this magazine. This visibility validates your expertise as a sports turf manager to your peers, your employer, your community, and to our industry.

These awards are made possible by the generous contributions of our sponsors: Bayer Environmental Sciences; Carolina Green Corp.; Covermaster, Inc.; Hunter Industries; Jacobson, A Textron Company; Nu-Gro Technologies, Inc.; Turface; Turf-Seed, Inc.; West Coast Turf; and World Class Athletic Surfaces.

Award applications must be received at STMA headquarters by October 14. Applications may be found at www.sportsturfmanager.org or by calling STMA headquarters, 800-323-3675.

STMA Calendar
Oct. 1 - Scholarship applications deadline (STMA must receive by this date)
Oct. 14 - Field of the Year applications and Founders’ Award Nominations deadline
Jan. 18-22, 2006 - STMA Annual Conference & Exhibition, Disney’s Coronado Springs Resort and Convention Center, Lake Buena Vista, FL

Seeking SAFE Auction Items
The Foundation for Safer Athletic Field Environments (SAFE), the charitable arm of STMA, is seeking items to auction at the annual STMA conference and exhibition held each January.

Donations to the auction in the past have included team gear and logo items such as shirts, hats, jackets, autographed baseballs and footballs, and vendor products such as mowers, field rakes, seed, field paint, plant protectants, etc.

The money from auctioning these items funds education, scholarships, and research efforts for the sports turf management industry. In 2005, SAFE awarded scholarships to 13 students and funded their conference education experience. The SAFE Board of Directors has been developing protocol for research projects and has been considering partnerships for research collaboration.

SAFE is a 501 (c) 3 organization and contributions are tax deductible.

For more information or to make a donation, contact STMA headquarters, 800-323-3675, or Tom Curran, raffle/auction chair at 954-789-4138.

Look for a list of items to the raffle in upcoming issues of SPORTSTURF.

Sports Turf Managers Association of Arizona:
For information contact Chris Calcaterra at chrisc@peoriaaz.com or call 623/412-4231 or Bill Murphy, at bmurphy@ci.scottsdale.az.us or 480/312-7956.

Chesapeake Chapter STMA (formerly called Mid-Atlantic Athletic Field Managers Organization - MAFMO Chapter STMA):
Our meeting at RFK Stadium will be scheduled at a later date at which time we will see the change over from baseball to soccer. For more information contact Graham Davis at gdeviis@american.edu or call 301/495-5522.

Colorado Sports Turf Managers Association:
The CSTMA will be going to Broncos Training Camp
in early August, please check the CSTMA website for details. Also, the last seminar for the year is scheduled for September 9 at Graf's Turf Farms. For more information visit www.cstma.org or call the CSTMA Chapter Hotline at 303/346-8954, or contact President Richard Bueller at 303/233-2922 or dwuelter@jeffco.k12.co.us.

Florida #1 Chapter: The Florida Turfgrass Association Show is September 10-15 in Bonita Springs. CEUs will be provided. For additional information and registration go to www.ftga.org. The next Florida #1 Chapter meeting is October 18 at the University of Florida in Davie. For more information visit the Florida #1 Chapter page on STMA’s website or contact John Mascaro at 954/341-3115 or STMAA@turf-tee.com.

Gateway Chapter Sports Turf Managers Association: On August 8 from 5-10 PM, is Game Day at the River City Rascals in O’Fallon, MO. For information call Mike Krone, Missouri Baptist College at 314/392-2326 or e-mail krone@mobap.edu.

Georgia Sports Turf Managers Association: For information on the Chapter or upcoming events, contact Skip Kirby at 770/928-1580 or by e-mail at skip@sportsturfmanagement.com.

The Greater L.A. Basin Chapter of the Sports Turf Managers Association: The next meeting will be held September 15 at Pomona College, time to be announced. This is an educational, general meeting including the nominations of officers for the 2006. CEUs will be available and there will be a lunch buffet. For information and reservations or for more information on upcoming events contact Emilio Avalos at 949/824-8243 or e-mail ecavalos@uci.edu.

Illinois Chapter: For information, call chapter secretary Libby Baker at 847/263-7603 or e-mail bake60h66@iol.com.

Iowa Sports Turf Managers Association: The ISTMA Multi-Field Workshop is August 18 at the Ankeny Sports Complex in Ankeny. For information visit www.iowaturfgrass.org or contact Jeff Wendel of The Turf Office at ph. 515/232-8222 or fax 515/232-8228 or e-mail Jeff@iowaturfgrass.org.

Keystone Athletic Field Managers Organization (KAFMO/STMA): For information contact Dan Douglas, Reading Phillies Baseball Club at 610/375-8469, ext. 212 or by e-mail to: kafmo@aol.com.

Kentucky Sports Turf Managers Association: The Kentucky Turfgrass Council (KTC) Annual Meeting and Trade Show is October 24-27 in Bowling Green. For more information, go to www.kystoma.org or contact Donnie Medford at dbm-eff0@mail.uky.edu or call 859/257-1451.

Michigan Sports Turf Managers Association (MiSTMA): The MiSTMA and Michigan State University Summer Field Day is August 16. Registration is at 8:00 a.m. with morning tours from 9:00-11:00 a.m. and an afternoon "hands-on" sports field tour to Oldsmobile Park from Noon-3:00 p.m. For more information visit their website at www.mistma.org or contact Chad Follis at 269/377-3340 or 269/381-0596 or by email at chadhollis@farmingarden.com.

Minnesota Chapter STMA: The STMA is having their fall workshop on October 5 in Prior Lake. For information visit the Chapter website at www.mstma.org or contact chapter President Greg Hoag at 651/486-6295 or by email at greg.hoag@metro.net.us.

MO-KAN Sports Turf Managers Association: For information, contact Paul Hecker at 913/971-9717 or email phecker@oleatheks.org.

New England STMA (NESTMA): NESTMA will be holding its 14th Annual Summer Field Day at Saint Anselm’s College in Manchester, NH August 10. Please contact Bill Butts at 617/484-3360 or bbutts@waverlylandscape.com or Keith Macdonald at kmacdonald@bridgew.edu. For more information contact David Pinsonnault at 781/881-2757 or dpinson@ci.lexington.ma.us.

Northern California Chapter of the Sports Turf Managers Association: For information call Janet Gift at 530/758-4200 or email Emory Hunter at ehunter@usa.net.

North Carolina Chapter of the Sports Turf Managers Association: For information call Lorey Humphrey at: 402/461-2356 or e-mail to lhumphrey@cityoffastings.org.

Nebraska Sports Turf Managers Association: For information contact Loren Humphrey at: 402/461-2356 or e-mail to lhumphrey@cityoffastings.org.

Sports Field Managers Association of New Jersey: For information call SFMANJ at 908/730-7770, e-mail HQ@sfmanj.org or visit the Chapter website at www.sfmanj.org.

Ohio Sports Turf Managers Association (OSTMA): The OSTMA will be having a Fall Field Day and Vendor Showcase September 13 at Beekman Park, The Ohio State University Intramural facility. For more information, visit the Chapter’s website at www.ostma.org or call us at 989/824-9805 or fax to 614/247-6995. You can also contact Brian Gimbel at gimbel1@osu.edu.

Pacific Northwest Sports Turf Managers Association: For information, contact Bob Christopherson at 206/546-4218 or bchristo@mariners.org.

Southern California Chapter: The SoCal Chapter has tickets for the Padres game August 26. Call Mike at 858/679-2526 to purchase your tickets ($16). For more information call the Chapter Hotline at 889/678-STMA (7578-7862) toll free in Southern California or 760/226-8873 or Michael Tarantino at 859/679-2526 or e-mail: Mtarantino@powayusd.com.

South Carolina Chapter of STMA: The 2005 Clemson University Turfgrass Field Day will be held from 8 a.m.-noon on September 13 at the Pee Dee Research and Education Center in Florence. The field day will be followed by the Charles P. Willimon, Sr. Golf Tournament at Florence Country Club. Proceeds from the golf tournament support turfgrass research and education programs at Clemson. Registration information can be obtained from Sam Cheatham at 803/957-0616 or stcurtgrassfoundation@att.net or Jim Camberato at 843/669-1912 ext. 226 or jcamberato@clemson.edu. For the golf tournament please check the website, or call Sam Cheatham or Hank Kerfoot at 803/713-8873 or by email at hank@modernsurf.com. For more information contact Trent Hale at 843/662-3526 ext. 206 or by e-mail at tchale@clemson.edu for more information or visit our website at www.scstma.org.

Texas Sports Turf Managers Association: TXSTMA will be holding an Educational Field Day event in the DPR area in October as well as the Annual Scholarship Golf Tournament. Watch for more information in the mail. For additional information call the chapter voicemail at 850/897-8621 or T.J. Thompson, President-Elect at 972/670-2138 or by email at TXturfmanager@prodigy.net.

Tennessee Valley Sports Turf Managers Association (TVSTMA): The TVSTMA will participate in and support the Virginia Turfgrass Council Fall Workshop on October 5 in Prior Lake. For more information contact Trent Hale at 843/662-3526 ext. 206 or by e-mail at tchale@clemson.edu for more information or visit our website at www.tvstma.org.

Virginia Sports Turf Managers Association: The VSTMA will participate in and support the Virginia Turfgrass Council/ Virginia Tech Field Days in Blacksburg September 13-14, and will participate in and support the Virginia Turfgrass Council Sports Turf Short Course in Blacksburg December 6-7. For more information contact VSTMA President Bob Studholme of the Fairfax County Park Authority at 703/324-8590 or robert.studholme@fairfaxcounty.gov.

Wisconsin Sports Turf Managers Association: For information contact Chris Brindley at 715/346-3622 or cbrindley@uwsp.edu.

Forming Chapters:

North Florida STMA Chapter: For information on the newly forming North Florida Chapter, contact Mark Clay at 904/633-6116 or Jay McCord at 904/448-2583.

New York Sports Turf Managers Association: Contact Mike Albino at 315/448-6225 or 315/427-1214 or email mikealbino@earthlink.net.

What can you buy for a nickel?
It all adds up!

Better Turf?
A Better Reputation!

Like it or not, keeping your golf course green through overseeding is standard practice. It's also one of your biggest expenses, costing $1,000 or more per acre each year. At Turf Seed, Inc., we naturally breed our ryegrass to give you superior performance traits including soil tolerance — which makes them ideal for overseeding. Our varieties may cost a few more cents per pound, but they're worth it.

With your reputation riding on the ryegrass seed you use for your course, shouldn't you choose the best? Choose Turf Seed.

Durability, Power, and Comfort
Shindaiwa trimmers, designed and built with the landscape professional in mind

- Quality two-ring piston and chrome plated cylinder for maximum durability
- Solid steel drive shaft
- Electronic ignition for fast, easy starts
- Anti-vibration system reduces operator fatigue
- Heavy-duty gearcase design
- Lifetime warranty on drive shaft and electronic components

To find a dealer nearest you, call (800) 521-7733, or visit www.shindaiwa.com

MINUTEMAN PARKER

Minuteman Parker's APV, All Purpose Litter Vacuum, is outstanding on both turf and hard surface applications. Lightweight construction and maneuverability combine with optimum power and performance. The APV provides the power, durability and confidence of the Minuteman Parker name.

For more information on the APV Litter Vacuum or any piece of Minuteman Parker's line of outdoor maintenance equipment, call 1-800-323-9420 or visit our website at www.parkersweeper.com.

JAYDEE DRIVE LINER

The Jaydee Drive-Liner is a self-propelled riding line-marker featuring a 13.5 h.p. Briggs & Stratton engine, along with a 3.3 gallon remote fuel cell, a 35 gallon paint tank that carries enough marking material for a complete game field, or several practice fields. The 2 gallon flush tank cleans the discharge lines for work-breaks, travel or overnight. Center/side-marking sprayshields are always operator visible. A nearly zero degree turning radius reduces or eliminates back and turning maneuvers.

Hydro-Sprigging for Sod Quality Results

TurfMaker® introduces the 430 Hydro-Sprigger. Affordable, practical, and easy to use. Hydro-sprigging of vegetative varieties can provide total grow-in in less than 30 days. This miniature hydro-mulching machine is ideal for planting small areas, or for serious hydro-sprigging projects of up to 4,000 square feet per hour. It is also capable of producing premium hydro-mulching applications of 8,000 square feet per hour.

Supreme-Green™ Turf Growth Cover
Supreme-Green is a multi-purpose turf growth cover made of a specially designed material to provide early green-up, accelerated germination and winter protection. The Supreme-Green cover encourages root development and rapid growth while extending your spring and fall seasons.

WaterWick's patented gravel-vein injection system creates a permanent answer to chronic wet turf problems. So the game goes on without delay.

- Improves drainage and aeration
- Fundamentally non-invasive. Treated turf is immediately ready for play
- Proven in golf course, sports turf and landscape applications

Low-compaction WaterWick unit is ideal for golf greens and other fine turf. Or choose our innovative 3-point hitch system for your tractor — it injects WaterWick drainage, trenches, pulls pipe, lays wire and more.

Sports Turf • http://www.greenmediaonline.com
FOR SALE:
Imants earthquake Model EQ150R -
The most efficient aerator in the world!

• Perfect for Sport fields and Golf Courses with NO Disruption of Play
• Deep soil decompactor for sport turf. Coulter knives for open slices to top dress or roller for no disturbance finish.
• Full decompaction - soil displaced by the blades, combined with the forward speed, sets up a wave action, thus shattering the soil laterally and decompacting consistently from the surface to full working depth without surface damage.
• 5 feet wide, 3 point hitch, 1200 lbs 35+ PTO horsepower. Loosens soil to 10 inch depth
• Near NEW condition - Sold new for $14,000 - Less than 90 hours total running time.

Located in York, Pennsylvania. (Delivery available for extra charge)
Asking $9,800 OBO (Trailer NOT included)

Call Jerry at (717) 324-2791

Early this summer I was at one of our University turfgrass field days. At these events visitors come to our research and demonstration areas to visit with University faculty and staff and view our latest research trials and listen to our education sessions. I figured by the time nearly 400 people heard my four 20-minute talks and asked questions that I would have a long list of material for this Q&A column.

So group after group came by, I made my points, and we discussed various athletic field turf issues. Among the attendees were both athletic field managers and coaches. After each group left, I jotted down a few notes related to their questions before the next group arrived. On the drive home, I started reading through their questions and made what I considered to be an interesting discovery. Most of their questions started with “What is the best...?”

The following are examples of actual questions:

What is the best grass to have on an athletic field?
What is the best mowing height for Tifway Bermudagrass?
What is the best fertilizer to use on a field?
What is the best product to control [fill in the blank]

It seems to be human nature to want nothing but the best; no one wants to waste time using the seconded rated product. Of course it is not in the tradition of a researcher to cut to the chase and proclaim there is only one best of anything. Each question provided me an opportunity to explain why there is often not a best or ideal, at least not without a thorough evaluation of the situation.

Take for instance the first question related to grass selection. This question is often asked immediately after I mention field use capacity and recovery. People are always looking for a new grass that can take the extreme wear and compaction received by most high school and municipal multi-use fields. This is one of the reasons artificial turf is making a comeback. But I do not believe there is currently a best grass. We have a number of great grasses available that can handle a reasonable amount of wear and tear when they are managed properly. Of course some grasses are better in some situations than others, but those situations can change during the year or season. So, it is virtually impossible to crown one grass as “best.”

When the Tifway question was being asked, I was standing on a Bermudagrass area mowed at about one-half inch. A couple of attendees asked if I endorsed that low of a mowing height. I do not believe that a mowing height should be selected arbitrarily. Mowing height should be determined while considering a number of other factors, including the sport played on the field, performance expectations, level of maintenance, mower type, and grass.

I do not believe there is a best height for a grass. I often see Tifway Bermudagrass on athletic fields moved at heights between 1/2-inch and 2 inches. A field will perform very differently on each end of this range. A field manager has to find a height that is manageable and also acceptable for the players and coaches. That height may need to be adjusted during the year to meet specific turf or performance requirements. Typically as the mowing height goes down, the level of attention from the turf manager must go up.

“What is the best fertilizer” is a relative question. The determinant of best fertilizer is often influenced by fertilizer price, plant needs, and turf managers’ ability to manage applications. For non-nitrogen inputs, a quick soil test can determine need based on what is currently available in the soil. The question on nitrogen carrier is often dictated on desired response time (greening) and amount of money available to spend.

A grass plant is not as choosy about what it takes up as we humans are with what we eat. Your grass is a little like Mikey from the old cereal commercials—it eats anything. Generally, the products that result in nitrogen released over a period of time, and do not require as frequent application compared to the quickly available sources, cost a little more. I often tell turf managers that with all other things being equal, the best nitrogen fertilizer to use is the cheapest per pound of nitrogen as long as they are willing to ration the delivery.

Without even addressing the last question, I am sure you can predict where this is heading. In many cases, there may not be a “best.”

On this back page each month Dr. Minner and I try to provide you with answers to your questions. More often than not, our answers provide more than one option. In the process of answering your questions we often challenge readers to evaluate their own situations and apply the information as best they can to solve their problems at that moment.

When dealing a biological system such as growing turfgrass, there are not always specific formulas to follow that will provide 100 percent consistent results. In the end, we may have to follow advice once provided by Franklin Roosevelt: “We do our best that we know how at the moment, and if it doesn’t turf out, we modify it.”

Questions? Send them to Grady Miller at the University of Florida, PO Box 110670, Gainesville, FL 32611, or email gmiller@ifa.ufl.edu. Or, send them to Dave Minner at Iowa State University, 166 Horticulture Hall, Ames, IA 50011, or email dminer@lstate.edu.
