

# STMA CONFERENCE PREVIEW

Discuss the importance of communication and how to develop leadership qualities for yourself and your team.

## Hay is for Horses and So is Sports Turf

Mark Frever- Albion College

Learn how Sportsturf management skills apply to an Equestrian Center, where horses are athletes.

## Women in the Industry

Lynda Wightman- Hunter Industries

The 2007 event was so successful, it has been expanded. Hear from women in the industry on career success strategies, bringing more women into the industry and balancing work/life issues.

## The Field Wear Index (Repeated)

David Schlotthauer- BYU

The Field Wear Index will give the Sports Turf Manager the facts and figures to ask for increases in his budget by showing his managers the amount of actual wear that is taking place on his fields.

## Management Strategies for High Traffic Natural Turf (Repeated)

Steve Wightman- Qualcomm Stadium

Take a real-life look at management strategies that can minimize the detrimental effects of high traffic situations. Focus will be on turfgrass management in less than ideal conditions and steps to take in providing the best playing surface/conditions possible.

# TIFSPORT BERMUDAGRASS

## IT'S IDEAL FOR ATHLETIC FIELDS OF ALL STRIPES

TifSport Bermudagrass has great color. It recovers very rapidly from day-in and day-out abuse and injury. It has a much finer texture than Tifway 419 and most other bermudagrass varieties. It's also extremely cold tolerant, which makes it ideal for fields in the transition zone. Overseeding TifSport is a routine job as well. It provides an excellent base for ryegrass and ryegrass blends. If you're looking for a certified bermuda

that can stand up to the stress and demands of big-time sports, to the wear and tear from the cuts, starts and sudden stops you get from football and soccer cleats, to the punishment of baseball spikes, relax, you've found it - TifSport. It's what many experts are calling the new standard in sports turf for the 21st century. For more info and a list of licensed growers visit our website or call 706 542-5640.
