JOHN MASCARO'S PHOTO QUIZ

Answers from page 17

This brown turf is from "Mat Drill" run in the spring-time. Even though this university is located in North Florida, it still experiences frost from time to time. On this particular March morning, the frost was still on the bermudagrass at 6:00 a.m. when the coach decided to have all 160 football players run "Matt Drills" on the practice field. For those of you who have not seen the drills, it included running, a head first somersault, more running and some sort of belly flop similar to a someone being Tasered while doing wind sprints. The bermudagrass was no match for this wear in its vulnerable state and was thoroughly killed by the combination of frost and activity. The coaches of the camp were told to move activities around and keep all drills off of the main practice field but on this morning, it appears that they failed to do so. Perhaps the Taser might come in handy after all.

Photo submitted by Justin P. Newell, former Director of Facilities and Operations at Jacksonville University, now at Tulane University. Andy Sorrow is Grounds Manager at Jacksonville University.

If you would like to submit a photograph for John Mascaro's Photo Quiz please send it to John Mascaro, 1471 Capital Circle NW, Ste # 13, Tallahassee, FL 32303 call (850) 580-4026 or email to john@turf-tec.com. If your photograph is selected, you will receive full credit. All photos submitted will become property of SportsTurf magazine and the Sports Turf Managers Association.

WELCOME TO TODAY'S LONG BEACH

Settled along 5 1/2 miles of sandy coastline, Long Beach is the quintessential vacation getaway, boasting both the ambience of a sophisticated urban center and the charm of a seaside community. Located 20 miles south of Los Angeles, California's seventh largest city offers visitors a dynamic range of oceanfront hotels, attractions, shopping, recreational activities, art and culture, restaurants and nightly entertainment that make it an ideal destination for any time of the year.

Long Beach has emerged as a community full of matchless neighborhoods and cultural diversity. Located just a mile down Ocean Boulevard is the seaside community of Belmont Shore, which features Second Street, a shopper's mecca and premier location for outdoor dining and people watching. Tucked behind Belmont Shore is one of the city's most romantic destinations, Naples Island, where Italian-style gondoliers cruise along the canals lined with picturesque, million-dollar homes. Alamitos Bay is just past Belmont Shore offering waterfront dining and views of rows and rows of sailboats. Downtown Long Beach is a perfect blend of sophisticated urban center and charming seaside community, and is filled with a myriad of entertainment choices. For more international flavors, visitors can discover the city's historic Spanish roots in Bixby Knolls or experience Cambodia Town, the prevalent community along Anaheim Street that has been recognized as one of the largest Cambodian communities in the world.

ATTRACTIONS

Discover the city's best known attractions, which range from a historic ocean liner to a sustainable aquarium. One of the most recognized attractions in Long Beach, The Queen Mary, is one of the world's most luxurious ships to sail the Atlantic Ocean. The ocean liner also features a 314-state-room hotel and several fine restaurants. Visitors can explore this majestic ship from the wheelhouse to the engine room before braving the Queen's current attraction, Ghosts and Legends. During this haunted tour, a guide leads brave guests through parts of the Queen Mary that were previously off-limits while the attraction produces floods, flashing lights, and ghostly experiences. Visitors can also explore the mystique of the Soviet submarine Scorpion, which is moored adjacent to the Queen Mary.

For a face-to-fish encounter visit the Long Beach Aquarium of the Pacific, a world-class facility that is home to more than 11,000 inhabitants of the Pacific Ocean representing some 500 different species. It also has numerous areas where visitors can touch the animals of the ocean like sting rays, sea cucumbers, starfish and more. Explorer's Cove features Lorikeet Forest where these colorful and friendly miniature parrots can be hand-fed by visitors. Also in Explorer's Cove is Shark Lagoon, where nine species of shark can be viewed from both above and below water. Visitors can actually touch several of the shark species in special touch lagoons.

The new Molina Animal Care Center offers enhanced healthcare to animals as well as opportunities for guests to view veterinary medicine in action.

A short walk from the Aquarium along picturesque Rainbow Harbor, you'll find two exciting entertainment/dining/shopping complexes, Shoreline Village and The Pike at Rainbow Harbor. Shoreline Village has the look and feel of a charming seaside fishing village, with a boardwalk of specialty and souvenir shops and restaurants. The Pike at Rainbow Harbor is Long Beach's newest attraction, a 300,000+ square foot entertainment center with shops, restaurants and a multiplex movie theater. Rainbow Harbor itself is home to boats of all types, including fishing boats, tall ships, luxury charter yachts, harbor tour boats, pleasure craft and even a replica Mississippi stern wheeler.

Just minutes from downtown Long Beach rest several other interesting attractions that will suit visitors of all ages. These "must-sees" include Alamitos Bay, a waterfront dining and entertainment area; Gondola Getaway along the canals of Naples Island; and Ranchos Los Alamitos and Rancho Los Cerritos, two historic parks featuring acres of beautiful gardens and authentic adobes.

Everything from rollerblades to wetsuits, jet skis to windsurfing equipment, can be rented at various places along the beach. Day and night harbor cruises are also available, offering beautiful views of the Pacific Ocean.
