

Covers Unlimited introduces

TURF-MAT

THE MOST EFFECTIVE YET LEAST EXPENSIVE TURF PROTECTION AVAILABLE.

TURF-MAT IS SAFE, STURDY AND SIMPLE TO USE.

- **TURF-MAT** is 100% needle-punched polyester, which allows turf to breathe, and lets water, air and sunlight through so turf stays green and healthy.

- **TURF-MAT** protects both natural and artificial turf from foot traffic, food and liquid spills, grandstands, equipment and other heavy loads.

- **TURF-MAT** is easy to put down and repack and takes far less time than any other kind of protective surface. Just unroll and tape seams; no special anchoring is necessary.

- **TURF-MAT** is used by professional and college stadiums throughout the U.S. and Canada, including:

L.A. Coliseum
Orange Bowl
Cleveland Browns
Stadium

Bowling Green University
Veterans Memorial Stadium,
Erie, PA
Belkin Productions

Locke makes the cut ...

**at the finest
playing fields
around the world.**

Locke Single

Locke Triplex

Locke Professional

On baseball, football, soccer fields and golf courses, Locke's cutting edge, a unique scissor action, produces a clean and uniform cut unmatched by the competition. While other mowers shatter or shear the grass, Locke reel mowers actually cut each blade of grass cleanly and consistently. The result is a uniform playing surface that maintains its healthy, green appearance and helps improve the quality of play.

Constructed from forged steel frames, machined cast-iron components and precision carbon steel blades, Locke mowers have been proven season after season. Powered by durable cast-iron engines, Locke mowers are built to last more than 20 years. So make your next cut with a Locke... Choose from the *Locke Single*, when maneuverability is crucial on smaller grounds; the *Locke Triplex*, setting the standard for commercial mower performance, quality and durability for over fifty years; or, a riding mower, the *Locke Professional*, is ideal for the larger sports turf grounds.

For the name of your nearest authorized dealer, contact Locke today.

THE LOCKE CUT VS. A TYPICAL MOWER CUT

Each blade of grass is cut evenly and at a uniform height, which means healthier, greener turf.

Other mowers shatter the blades of grass, leaving uneven ragged ends which turn brown and expose the turf to disease.

Professional Quality Reel Mowers

The Ultimate Turf Team

CORE MASTER 12

Fits All Tractors

The Ultimate Aerator

GreenCare has combined high-tech engineering and simple design to produce the strongest, most versatile and efficient aerator on the market today. Vertical aeration combined with variable pattern, variable depth and a variety of tine types and sizes provide today's Turf Specialists with the tool they need to tailor aeration to their requirements.

Core Collection System

- Simply attaches to rear of CoreMaster.
- Auto-reset on next aeration pass.
- Removes cores as you aerate and automatically dumps cores at the end of each run.
- One man can do the work of four.
- No other expensive machines or operators required.
- On golf greens, play can continue during aeration.

SPREAD MASTER

The Ultimate Topdresser

GreenCare engineering leads the way in Turf Equipment Innovation again:

- All hydraulic drive.
- Tubular steel and zinc annealed sheet metal construction.
- Roller drum eliminates conveyor belt problems.
- Internal rotating baffle prevents "material surge" at the start of each run.
- Independent control of brush speed, drum rotation and gate opening provide precise rate of application.
- Flared top for easy filling with front-end loader.
