## ROOKIES

### PRODUCT UPDATE

#### SPREADER FILTER

Lesco Spreader Filter can be used on its rotary spreaders to help eliminate clogging caused by damp or clumped material, which can block distribution holes and affect the spreading pattern.

The product has six-inch sides and 1/4-inch screen openings. It can be used with existing Lesco spreader screens for low distribution rates or by itself for high rates.

**LESCO, INC.**

Circle 138 on Postage Free Card

#### SOIL TREATMENT

Pene-Turf soil treatment improves soil permeability and aeration, aids water movement for better availability of capillary water, and improves the soil environment for root growth. The non-toxic, biodegradable product reduces compaction and promotes drainage.

**FOUR STAR SERVICES, INC.**

Circle 139 on Postage Free Card

#### BENTGRASS

Plant Variety Protection approval has been granted to Putter creeping bentgrass, which received high scores for overall turf quality, density, and ground cover in 1990 National Creeping Bentgrass Trial locations.

Putter provides a true-line putting surface and dark bluish-green color. It also has excellent growth habit, outstanding turf vigor, fine-leaf texture, and resistance to take-all patch and other diseases.

# Limited resources. Unlimited possibilities.

Over the years, you've known us as a proponent of intelligent, responsible water resource management. Our planet's limited water supply is a global issue, which we are continuing to address through the development of increasingly efficient irrigation products and techniques.

But water isn't the only resource we can help you handle.

Take our energy-efficient sprinkler heads, which have been proven to deliver major savings in pumping costs. Our moisture sensors, which conserve both water and energy by preventing watering when it isn't needed. Plus, through our recent alliance with technology powerhouse Motorola,<sup>™</sup> we're bringing you breakthroughs in *total resource management* systems, which are designed to save incalculable time and manpower.

Furthermore, during the design phase, we can save *you* precious time and manpower as well, by lending our depth of experience and technical support materials to help streamline your job. And with our comprehensive distribution network to ensure product and service availability, there's no one who can give you the edge like Toro.

With our resources combined, the possibilities are indeed unlimited....

For more information on our products or programs, just write or call The Toro Company, Irrigation Division, 5825 Jasmine St., Riverside, CA 92504.

(714) 688-9221.
