Turf Tire

GOODYEAR

Golf Course Superintendents country-wide have proven that **McCords** Flotation Tires are essential during the following delicate operations:

• **Top Dressing • Spraying • Mowing • Back Filling Traps • Aerating**

The large contact area of the flotation tire effectively distributes load over a broad area. This produces lower unit ground pressure resulting in minimized soil compaction.

Our custom built tire and wheel combinations will convert your golf course equipment into the most productive tools you will ever own. For further information call our toll free number today.
