## Marking Machine

The Jaydee Model 5000 is a fully featured, self-propelled, professional line marking machine. The engine powers a piston pump, providing mechanical agitation, and powers both rear wheels - it tracks a straight line under its own power. The constant 2-mph speed results in uniform line width & brightness as well as predictable marking material consumption.

## Up-Front Core Aerators

Unique up-front mounted core aerators help grounds managers get more production from their John Deere, Kubota, Ford, and Excel Hustler mowers. Millcreek core plug aerators have a protective safety cage, and individually mounted spoon wheels to allow easier turning without damage to turf. Affordable Millcreek aerators come in wide variety of sizes and styles in addition to the front-mounted units.

- Fits John Deere, Kubota, Ford, Excel Hustler mowers
- 42", 63", 84" widths
- Attractive pricing
- 3-point hitch and tow-behinds also available
- Designed and built for long life

## PRODUCT SHOWCASE

### Affordable Topdresser

For about 1/3 the price of a typical large-area topdresser, the Millcreek Topdresser/Spreaders will spread 2 cu. yds. in 7 minutes and topdress a football field in 2 to 3 hours.

- Rugged construction, built to last.
- Adjustable spread pattern, 3 ft. to 10 ft. wide.
- Unsurpassed for compost, clippings and more.
- More versatility - simple, safe operation.

The Millcreek Topdresser/Spreaders will let you do more kinds of spreading jobs with less labor than ever before. Plus, you never pay too much for quality turf equipment from Millcreek.

# *The Symptom: Stumbling in the Dark*

## *The Diagnosis: Info Deficiency*

### *The Cure: ISA Membership*

*The International Society of Arboriculture is the largest and most influential arboricultural organization in the world. Today's ISA is • information • publications • people and • research . . . the cure for what ails you.*

# R

#### **MONTHLY PUBLICATIONS**

ISA members are kept abreast of happenings in the tree care industry through two significant publications: *Arborist News* and the *Journal of Arboriculture*. Members receive both publications, free of charge, alternating bi-monthly giving information needed for peak performance in the workplace.

*Arborist News* is ISA's news-magazine—a colorful 48-page publication filled with interesting features and other articles concerning all aspects of the industry, events calendars, details on ISA programs and publications, news from and about chapters and members, and much, much more. Some features are followed by question sets which can qualify readers for Certification Continuing Education Units.

The *Journal of Arboriculture* contains the latest developments in scientific and educational information. It's full of papers written by top researchers and articles by leading arborists around the world.

#### **ISA BOOKS AND VIDEOS**

ISA publishes books covering a host of arboricultural subjects. Some of the titles include: *Arborists' Certification Study Guide*, *Tree Climbers' Guide*, *A Guide to the Plant Health Care Management System*, *Guide for Plant Appraisal*, *Arboriculture and the Law*, *Tree and Shrub Transplanting Manual*, *The Landscape Below Ground*, *A Photographic Guide to the Evaluation of Hazard Trees in Urban Areas*, *Trees and Overhead Electric Wires*, just to name a few. In addition, videos on a variety of subjects are available. Many of the above are available to members at discounted prices.

#### **ISA ARBORIST CERTIFICATION**

Over 5,100 arborists have taken advantage of ISA's Certification program since 1991. These arborists have found an educationally challenging program designed to upgrade their knowledge and proficiency levels—bringing the opportunity for learning, growth, and advancement which are significant factors in job satisfaction. Perspective employers see certification credentials as assurance that a candidate has qualifications that relate to the position.

#### **CONSUMER INFORMATION SERIES**

This program is designed to help consumers get off to the right start with planting considerations, and to heighten awareness that trees don't necessarily take care of themselves. Currently there are ten brochures in the series—professionally written, designed, and attractively printed in two colors. Answering a host of often-asked questions in easy-to-read terms without being too technical to understand, these brochures make exceptional public relations tools.

#### **ANNUAL ISA CONFERENCE AND TRADE SHOW**

The greatest educational experience of the year—lectures, seminars and meetings, plus interaction with exhibitors provide a feast of information to take back to the workplace and use. International Jamboree and Field Day provide competition between tree climbers and exhibitors alike. Spouse/guest and youth programs allow this conference to be a family affair. It's not just another meeting—it's an *event* that's informative, entertaining, fulfilling and inspiring.

#### **ISA RESEARCH TRUST**

Today's arborist needs more information in every area, from tree biology to cabling and bracing and all points in between. More knowledge means more research. The Research Trust works closely with professional arborists, foresters and utility companies to fund research that will benefit the industry and help to develop and maintain the urban forest. Funding comes from memberships, grants, donations and special event fund raisers. ISA is opening doors to accessing timely information through research that can promote the success of arborists and the profession as a whole.

Enjoy membership and the rich heritage of the organization committed to **your** future in the tree care industry!
