EVERYONE HAS
THEIR IDEA OF WHAT THE
BEST AERATOR
SHOULD BE LIKE.

INTRODUCING ALL OF THEM
ROLLED INTO ONE.

It's easy to see why the new Toro ProCore Series aerators are the best overall aerators for your operation. From the ground up, they're built with more of the productivity advantages turf pros ask for. Like precise depth control you can adjust without tools. Variable spacing you control simply by adjusting tractor speed. The industry's largest variety of tines and accessories.

*Exclusive RotaLink technology
keeps tines perpendicular
to prevent surface disruption.*

Exclusive RotaLink™ technology for cleanly pulled cores. And, of course, that legendary Toro reliability to help you take advantage of short aerating windows. Choose the model that suits your needs: a 40" ProCore 440, 60" ProCore 660, or aerate up to 2 acres per hour with the 80" ProCore 880. To learn

Toro ProCore tines come in a broad spectrum of shapes, sizes and capabilities.

more contact your Toro distributor at 1-800-803-8676, or to receive a free video cassette visit www.toro.com.

PROCORE™

Teamwork

The number-one brands in the business are now the top team in turf. Textron Turf Care And Specialty Products may seem new to the sports turf market, but our brands are seasoned veterans. Individually, Bob-Cat®, Bunton®, Cushman®, Jacobsen®, Ransomes® and Ryan® have been all-star performers for years. Together, they're the most experienced lineup around.

When it comes to sports turf, we're not only strong — we're deep. Textron Turf Care And Specialty Products offers the most comprehensive line of equipment in the industry. From mowers, aerators and infield rakes to utility vehicles, seeders and sprayers, we have a player for every position.

Take the Field with an All-Star Lineup

On the field, these all-stars put up the winning numbers you need, day in and day out. Off the field, easy maintenance and robust design will keep them running smoothly for years. And if they ever do get sidelined, you can count on your Textron Turf Care And Specialty Products dealer to help you get them back on the field in no time.

If you're ready to get into the ball game, Textron Turf Care And Specialty Products is ready to put some real winners on your field.

allow our grounds
crew to be more
productive, it
delivers the kind of
performance that has
won us 'Field of the Year'
honors for three
years running."*

Gary Mayse,
Assistant General Manager
Fox Cities Stadium
Home of the Wisconsin Timber Rattlers

CUSHMAN®

TEXTRON

*"When you host
the college baseball
championship every year,
you can't leave things
to chance. Textron offers
reliable, versatile equipment
you can count on."*

Jesse Cuevas,
Stadium Superintendent
Rosenblatt Stadium
Home of the Omaha Golden Spikes

The strength of six.

The Power of One.

One promising future. Six defining pasts. If you're going to reinvent an industry, start with the brands that defined it in the first place.

BOB-CAT®

The full line of Bob-Cat riding and walk-behind mowers have been a popular choice for professional lawn maintenance operators for years. Primarily manufactured in Johnson Creek, Wis., this rugged and precise line of mowers carries the best warranty in the industry.

BUNTON®

In 1948, the Bunton Distributing Company was formed by W.P. Bunton, Sr. to distribute the first direct drive lawn mowers. Soon thereafter, the distributor turned manufacturer to fill requests for a trimmer mower. Many improvements later, Bunton represents one of the finest lines of professional mowers in the industry.

CUSHMAN®

In 1923, Cushman began producing air-cooled engines for lawn mowers. Additional developments resulted in some of the first electric vehicles in the industry. And in 1964, Cushman created the world's first Turf-Truckster™...and a whole new class of heavy-duty turf vehicles. Cushman has led the market ever since.

JACOBSEN®

In 1921, Knud Jacobsen defined the industry with a mower that could cut four acres of grass in a day. The Jacobsen brand went on to redefine the industry with the first hydraulically-powered triplex greens mower and the first lightweight fairway mower. Imagine what's in store for the next century.

RANSOMES®

In 1832, a young English craftsman named Robert Ransome acquired a license to manufacture the very first mechanical lawn mower. Seventy years later, Robert Ransome's grandson would add a gasoline engine to the mower, forever changing the way the world would cut grass. The innovation continues today.

RYAN®

Ryan Equipment Company got its start in 1948 when it produced the first Ryan Sod Cutter. Ten years later, their lawn renovation line expanded to include a revolutionary new aerator called the Greensaire Special. For more than 50 years, the Ryan name has been synonymous with quality, reliability and performance.
