

**Everyone has their idea of
what the best aerator
should be like.**

Introducing all of them rolled into one.

**Announcing the
Toro® ProCore™ Series.**

It's easy to see why the new Toro ProCore series aerators are the best overall. With precise depth control you can adjust without tools. Variable spacing you control simply by adjusting tractor speed. The industry's largest variety of tines and accessories. Exclusive RotaLink™ technology for cleanly pulled cores. And, of course, that legendary Toro reliability. To learn more contact your Toro distributor at 1-800-803-8676. **To receive a free video cassette, visit www.toro.com.**

*Choose the model that suits your needs:
ProCore 440, ProCore 660, or aerate up
to 2 acres per hour with the ProCore 880.*
