Number One
Selling Turf
Annual Ryegrass
in the World

It's no wonder SOS grass seed is hot in the overseeding market. It establishes fast at lower temperatures and transitions naturally without chemical assistance when spring temperatures rise. With improved varieties that feature darker color, improved leaf texture and reduced vertical growth, SOS is an economical alternative to perennial ryegrass.

- Improved dark green color
- Fine leaf texture/improved density
- Easier, natural spring transition
- Reduced vertical leaf growth
- Lower maintenance costs than common annual ryegrass
