

Kentucky Bluegrass Engineered for Superior Turf Health

healthy grass

TECHNOLOGY

"We here at Maryland SoccerPlex are HGT's biggest fans! Germination speed and seedling development made it possible for us to fully rebuild, seed, and re-open our stadium field in 35 days using HGT last fall. This year the wear tolerance and recovery have been equally impressive through 150 events in 200 days. Under stress from professional soccer, youth soccer, lacrosse and rugby, the HGT never really showed wear."

Jerad Minnick, Agronomic Specialist, Maryland SoccerPlex
